Cc GN Impact Assessment (Env't and Human Health)

Good afternoon,

The Government of Nunavut would like to request an extension to the review period for Bayridge Resources Corp.'s Baker Basin Project (26EN014). The review period for this project includes two holidays (Good Friday, Easter Monday) and our teams are adjusting to additional capacity issues.

A shift of the deadline to the following Monday (April 13) would be sufficient to resolve this for us.

Please let me know if you have any questions or concerns about this request.

Much appreciated,

Justin Buller
