February 10, 2026

To Fisheries and Oceans Canada,

On behalf of the Aqigiq Hunters and Trappers Organization, we support the Arctic Coast project to:

- 1) Conduct winter fieldwork (Jul-Oct 2026) at sites near Chesterfield Inlet (selected by the AHTO) to monitor the coastal habitat. Including angling for fish, ice thickness samples, data from the water and possibly underwater video.
- 2) DFO staff to travel to Chesterfield Inlet in July 2026 to train technicians and support fieldwork, if the HTO is available we will also provide a research update.

Approve for 2026  X

Does not Approve

Sincerely,

---

Aqigiq Hunters and Trappers Association
