Dear Mr John Craig,

Re: Extension to Land Use Application #N2010C0012

We would like to extend the above referenced permit for another year. This year we are unsure as to how much activity will take place as our Joint Venture partner, AngloGold Ashanti have pulled out of the program.

However we still have the camp in place at Dewar Lakes and would like to take the opportunity whilst it is still there, to carry on with exploration of the AANDC and Inuit owned claims still held by Commander Resources Ltd.

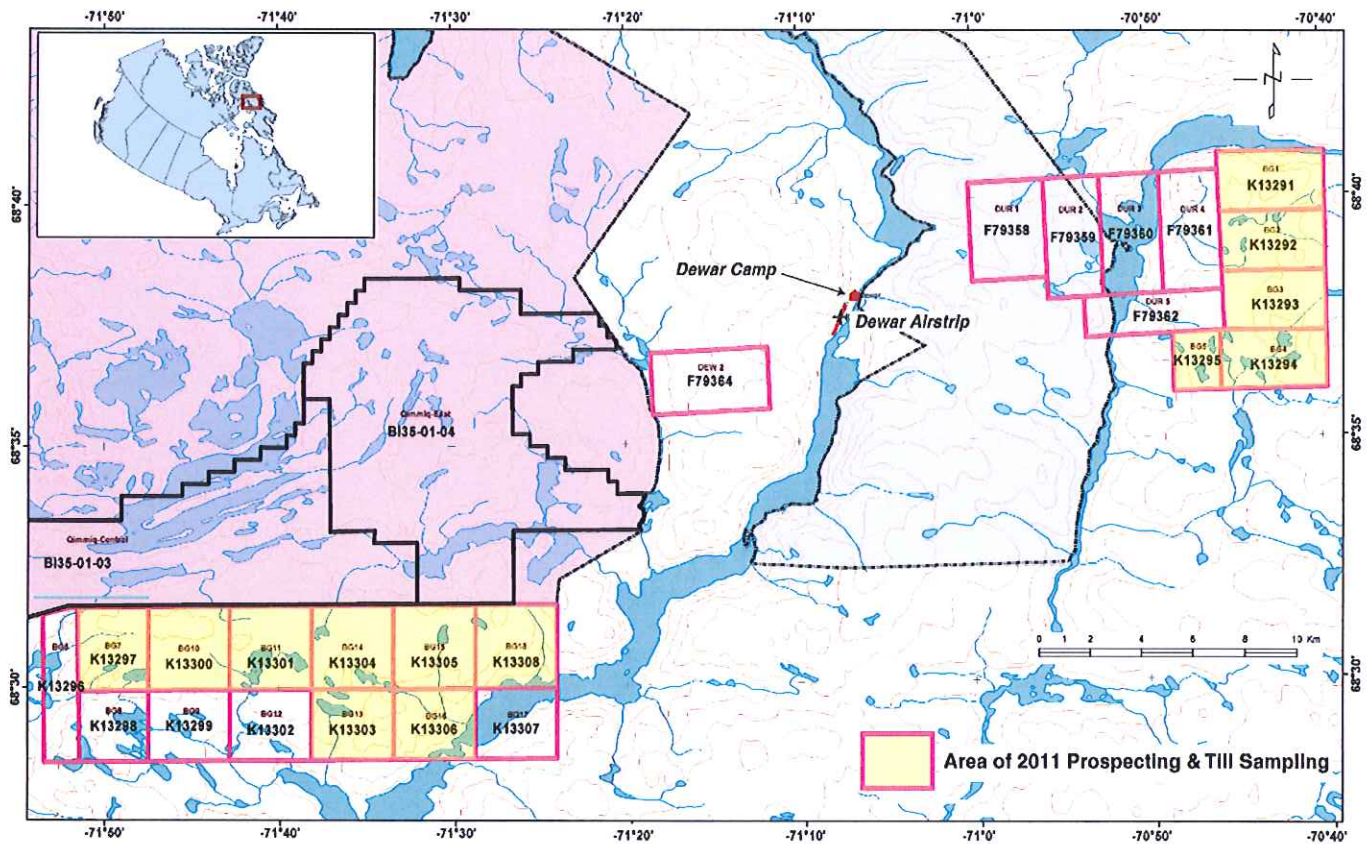

Our activities over the last year are presented on the attached map. As you well aware, Commander has been actively exploring over the years and assessment reports have been filed which have documented our progress.

We hope to continue by ourselves or with another Joint venture partner either later this summer or next year.

If you have any questions or concerns, please do not hesitate to call.

Sincerely,

Steve Potts
V.P. Exploration
