**Re: Land Use Application NIRB 06008 Exploration, Research Camp Ferguson Lake, Kivalliq  
(Starfield Resources Inc.)**

Due Date: March 14, 2006

Dear Ms. Novoligak:

At your request, the Department of Culture and Heritage, Government of Nunavut, has reviewed the above-noted application. I believe there was an error on the application form and the latitude should have read 62 not 96 degrees North and the longitude should have read 96 and not 62 degrees West, the application has been reviewed using these coordinates. Our recommendations follow.

We recommend approval of the above-cited application, on the condition that the proponent's activities avoid the known archaeological sites listed in Attachment #1. The information contained in Attachment #1 is provided solely for the purpose of the proponent's land use activities as described in the land use application, and must otherwise be treated confidentially by the proponent.

The attached conditions specify plans and methods of site protection and restoration to be followed by the permittee if an archaeological site is encountered or disturbed in the course of the land use activity.

Sincerely,

Julie Ross
