RE: **Waste Disposal from Golden Bull Resources exploration camp**

We are willing to accept small amounts of non-combustible waste and recyclables from the Golden Bull Resources exploration camp that will be located in Nunavut. It is our understanding that this camp will not have more than 25 persons. Recyclables and waste need to be separated, recyclables are charged at \$30 / tonne and waste is charged at \$75 / tonne.

Sincerely,

A handwritten signature in blue ink that reads "Bruce Underhay".
