Re: Application Acknowledgement and Additional Information Required for “Land Farm, Hamlet of Pond Inlet, Baffin Region” Project Proposal

Dear Bhabesh Roy:

On July 18, 2007 the Nunavut Impact Review Board (NIRB or Board) received a positive conformity determination from the Nunavut Planning Commission (NPC) for the Government of Nunavut – Community and Government Services’ (GN-CGS) “Land Farm, Hamlet of Pond Inlet, Baffin Region” project proposal. The NIRB has assigned this project proposal file number 07UN061. All documents received and pertaining to this project proposal include:

- *NPC Conformity Determination*
- *NWB Application Form*

NIRB has undertaken a preliminary completeness check and finds that your project proposal does *not* contain sufficient information for the NIRB to conduct an environmental screening. Specifically NIRB is requesting submission of the following information by September 7, 2007:

- *NIRB Part 1 Summary Application Form (Attached)*
- *Non-technical Project Proposal Summary in English and Inuktitut*

Please note that it is in GN-CGS’ best interest to cure the above deficiencies in a timely manner. Failure to address the deficiencies before NIRB resumes the screening process may result in this Project Proposal being returned for clarification in accordance with the Nunavut Land Claims Agreement (NLCA) Section 12.4.4 (c). If no further information or notification is received by NIRB before September 7, 2007 the NIRB shall resume the screening process at GN-CGS’ own risk.

Please forward the requested information to the attention of NIRB’s Manager of Environmental Administration Leslie Payette at lpayette@nirb.nunavut.ca.

If you have any questions or concerns, feel free to contact the NIRB’s Assistant Technical Advisor, Ryan Barry at (867) 983-4615 or rbarry@nirb.nunavut.ca

Sincerely,

(original signed by:)

Ryan Barry
Assistant Technical Advisor
Nunavut Impact Review Board
