Dear Mr. Addie:

**Re: Land Use Permit #N2007X0043**  
**Type of Operation: Winter Trail Amendment**  
**Location: Kugluktuk to Macgregor Lake, Kitikmeot, NU, NTS 86J/11, 86/O11**

This will acknowledge receipt of your letter dated April 3, 2008, requesting amendment to the above permit.

As of July 9, 1996, amendment requests in the Nunavut Settlement Area (NSA) will be screened by the Nunavut Impact Review Board (NIRB), pursuant to Part 4 of Article 12 of the Nunavut Land Claim Agreement. The NIRB's primary objectives are to protect and promote the existing and future well-being of the residents and communities of the NSA and to protect the eco-systemic integrity of the NSA. A copy of your amendment request has been provided to NIRB in Cambridge Bay, NU, where they will conduct an environmental screening of your amendment request. Although your request will be screened by NIRB, the acceptance and approval process remains under this Department's jurisdiction.

Pursuant to Section 31(3) of the Territorial Land Use Regulations my decision on your request is to allow for this environmental screening to be completed by the NIRB. You will be advised by April 24, 2008 whether or not your amendment has been approved.

If you have any questions on the status or progress of your amendment request, you can contact the Nunavut Impact Review Board at the following address:
