Dear Ms Braun Rodriguez:

RE: NANUQ NORTH PROJECT NIRB FILE NO. 09EN011

This letter is in response to your letter dated May 31, 2013 and concerning Peregrine Diamond Ltd.'s ("Peregrine") land use application submitted to AANDC Land Administration on August 20, 2012. Based upon the information you sent me it is apparent that you were not forwarded the complete Peregrine application. As such, I have attached a complete application in portable document format (pdf).

I would also like to note this land use permit application is to replace expired permit N2009C0005. All activities being applied for are identical to the activities previously authorized under N2009C005. Furthermore, the corresponding water use permit 2BE-NQN0914 is still active and assigned to Peregrine.

The complete AANDC application should address the items 2, 3, 5, and 6 listed on page 2 of your letter. Items 1, 4 and 7 will be addressed below.

Item 1: NIRB Part 1 Summary Application Form in English and Inuktitut

The Summary Application Form in English is attached and an Inuktitut version is pending translation.

Item 4: Change of Project Ownership Documentation

To clarify, the project ownership has not changed but the project operatorship has changed. Bluestone Resources Inc. (formerly Indicator Minerals Inc.) and Peregrine are in joint venture on all 51 Nanuq North Claims. A third company Hunter Exploration Group is in joint venture with Peregrine and Bluestone on 16 of the 51 claims. Peregrine is now the operator for the Nanuq North Project and as such the claims have, for practical purposes, been transferred to Peregrine as custodian. A copy of the claim transfer form is attached as Schedule "A"

Item 7: Clarification regarding the Nanuq North Project and the Nanuq Project.

The Nanuq North and Nanuq Projects are geographically close but distinct projects with distinct business arrangements. The Nanuq North Project is a joint venture between three companies; Peregrine Diamonds Ltd., Bluestone Resources Inc. and the Hunter Exploration Group. The Nanuq Project is owned entirely by Peregrine. A map illustrating the two projects is attached as Schedule “B”.

Nanuq North Project

The Nanuq North Project consists of 51 mineral claims with an aggregate area of 81,685.02 acres. A schedule of the Nanuq North claims is attached as Schedule “C”. Peregrine recently inherited the operatorship of the Nanuq North Project from Bluestone Minerals Inc. (formerly Indicator Minerals Inc.). At the time of transfer the AANDC Permit 2009C0005 was accidentally allowed to lapse. As such, a new land use permit application (“N2012C0026”) was submitted in August 2012 to replace the expired permit. The corresponding Nunavut Water Board licence 2BE-NQN0914 was transferred successfully and covers water use for all activities and areas described in the AANDC application.

The AANDC land use permit application (N2012C0026) covers mechanical exploration activities on only the 51 mineral claims that comprise the Nanuq North Property. A camp location, chosen by Bluestone Resources Inc. was selected to support Nanuq North operations. The camp has yet to be established. Table 1 summarizes the authorizations:

Nanuq Project

The Nanuq Project is a 100% Peregrine project and consists of 159 mineral claims with an aggregate area of 387,822.78 acres. AANDC land use permit N2012C0028 covers mechanical exploration on only the 159 mineral claims that comprise the Nanuq Property and a campsite to support operations. Nunavut Water Board licence 2BE-NAN1318 is the corresponding water use licence for the Nanuq Claims. Table 2 summarizes the authorizations.
