Dear Andrea Maynes:

**Re: Land Use Permit #N2009C0005**  
**Type of Operation: Mining Exploration**  
**Location: Wager Bay Area, Kivalliq, NU**

Further to our letter dated May 29, 2009, this will confirm that Nunavut Impact Review Board has completed its screening on your amendment. The above mentioned land use permit is hereby amended to include the work outlined in your request.

All conditions annexed to land use permit N2009C0005 will apply to this amendment. As well as the following:

1. The Proponent shall ensure that the disposal of combustible camp wastes comply with the Canadian Wide Standards for Dioxins and Furans, and the Canadian Wide Standards for Mercury.
2. Prior to the commencement of operations, the Proponent shall develop a Waste Management Strategy which considers and includes the following:
  - a. Purchasing policies that focus on reduced packaging;
  - b. On-site diversion and segregation programs (i.e. the separation of non-food waste items suitable for storage and subsequent transport and disposal or recycling);
  - c. When incineration is required, ensure diligent operation and maintenance of the incineration device; and,
  - d. Training plans for personnel operating and managing the incinerator.

3. Prior to the commencement of any activity, the Proponent shall put in place procedures to identify the boundary of the Ukkusiksalik National Park of Canada in consultation with Parks Canada.
4. The Proponent shall ensure that all operators, employees, and contractors are made aware of the Ukkusiksalik Park boundary, and that they are not allowed to enter the park at any time.

Yours truly,
