Dear Sandy Barham:

**Re: Land Use Permit #N2010C0002**  
**Type of Operation: Mining Exploration**  
**Location: Meliadine River, Kivalliq, NU, NTS 055K**

On August 23, 2010 our Kivalliq Resource Management Officer Henry Kablalik conducted an inspection of your operations and discussed the necessity of Geotechnical Drilling within the thirty-one (31) meter set back as indicated by Term and Condition number '4' for Land Use Permit N2010C0002. The Term and Condition states:

- |   |  |
|---|--|
| 4. The Permittee shall not conduct any mechanized clearing or construct an adit or drillsite within thirty-one (31) meters of the normal high water mark of a water body. | MECHANIZED<br>CLEARING AND<br>LOCATION OF<br>ADITS &<br>DRILLSITES |
|---|--|

On advice from our Inspector we hereby revoke condition number 4 to allow for the Geotechnical Drilling within the thirty-one (31) meter set back.

Please ensure that you adhere to all operating conditions, along with the Archaeological Palaeontological terms and conditions, annexed to your permit. Should you have any questions regarding any conditions of this permit, please contact Jeff G. Mercer at (867)975-4283 or email Jeff.Mercer@inac.gc.ca.

Sincerely,

Jeff G. Mercer  
Land Administration Specialist
