## SCIENTIFIC RESEARCH LICENSE

LICENSE # 01 032 14N-M

ISSUED TO: David Mate  
Canada Nunavut Geoscience Office  
PO Box 2319  
Iqaluit, Nunavut  
X0A 0H0 Canada

TEAM MEMBERS: C.Campbell, J.Kennedy, P.Frampton, V.Barrie, J.H-  
Clarke, T.Bell, R.Bennett

AFFILIATION: Natural Resources Canada

TITLE: Seabed Mapping of Frobisher Bay to Support Infrastructure Development & Natural  
Hazard Assessment

### OBJECTIVES OF RESEARCH:

Frobisher Bay is becoming a focal point for a range of new infrastructure development options that supports Nunavut Capital City and a natural resource development in the region. This includes a possible deep water port, fishing industry, mine at Chidliak diamond property, fibre optic cable connecting through the Northwest Passage and Hydro Electric dam site in the area. In order to support the evolution of this region, and its safe use by residents, an innovative partnership between the Canada-Nunavut Geoscience Office, Government of Nunavut's Nuliajuk research vessel and Natural Resources Canada will produce, the first ever, detailed maps of the seabed of Frobisher Bay

### TERMS & CONDITIONS:

The holder of this licence will be bound by the terms and conditions from the Nunavut Impact Review Board Screening Decision Report and per the Department of Culture & Heritage Archaeological Sites Terms and conditions.

### DATA COLLECTION IN NU:

DATES: September 01, 2014-December 31, 2015

LOCATION: Frobisher Bay

Scientific Research License 01 032 14N-M expires on December 31, 2014

Issued at Iqaluit, NU on August 20, 2014
