

ENVIRONMENTAL POLICY

Tundra Copper Corp. recognises that respect for the environment and communities where it operates must form an integral part of the way in which the Company conducts business. The Company therefore is committed to carry out its business in an environmentally and socially responsible manner that protects the public, its employees, and the natural environment within which it operates.

To fulfill this responsibility, **Tundra Copper** is committed to:

- Ensure that we design our activities and operate in compliance with all environmental regulations to minimize our impact on the environment.
- Promote responsibility and accountability of managers, employees and contractors to protect the environment and make environmental performance an essential part of the management/contractor review process.
- Provide resources, personnel and training to enable management, employees and contractors to implement programs and policies to continually improve our environmental performance.
- Communicate openly with employees, contractors, local stakeholders and government on our environmental protection and sustainability programs and performance. We will also address any concerns pertaining to potential hazards and impacts.
- Promote the development and implementation of systems and technologies to reduce environmental risks.
- Establish and maintain appropriate emergency response plans for all activities and facilities.
- Maintain a self-monitoring program at each facility to ensure compliance and to proactively address plans to correct potential deficiencies.
- Work cooperatively with government agencies, local communities and contractors to develop and enhance systems and technologies to improve environmental and sustainability practices.
- Encourage all employees, contractors or stakeholders to report to management any known or suspected departures from this policy or its related procedures.
