The Honourable Joyce Murray
Member of Parliament for Vancouver-Quadra
Ottawa

Dear Joyce,

Please be advised that I strongly support the position of the Nunavummiut Makitagunarningit in the attached letter to Dr. Carolyn Bennett, Minister of Indigenous and Northern Affairs.

I was made aware of this issue by Dr. Gordon Edwards of the Canadian Coalition for Nuclear Responsibility, a respected source of information on the myriad issues surrounding the production of nuclear power and nuclear weaponry.

Thank you for your consideration of this concern. Let us hope that it is just a false alarm.

Karl
