Dear Ms. Arko;

**RE: Angilak Project – 2015 Annual Report on Work and 2016 Work Plan  
NIRB File Number 08EN052**

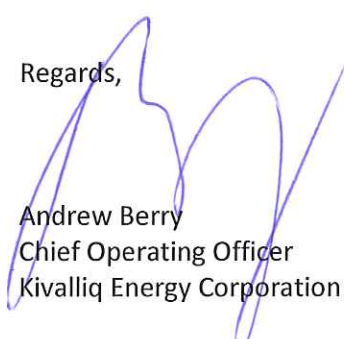

---

Kivalliq Energy Corporation is pleased to submit to NIRB an Angilak Property 2015 Annual Report and a 2016 Work Plan.

Exploration work conducted by Kivalliq in 2015 included 958 metres of diamond drilling in 9 holes, the collection of 408 soil samples and 8 rock samples and environmental baseline monitoring.

Kivalliq Energy's proposed 2016 exploration program includes 10,000 metres of diamond drilling, ground geophysical surveying, prospecting, soil sampling, trenching and continued environmental baseline monitoring. Drilling operations are planned to start at the beginning of July and will continue until the end of September.

Regards,

  
Andrew Berry  
Chief Operating Officer  
Kivalliq Energy Corporation
