Hi Davin

Dunnedin Ventures has contacted the HTO and CLARC as well as the Hamlet of Chesterfield Inlet to arrange meetings in that community during the week of April 12, 2016. Meetings with the KIA in Rankin Inlet has also been arranged during that time period as well.

Dunnedins draft Wildlife and Environmental Monitoring and Mitigation Plan will also be presented for input and agreement by interested parties in both communities.

Best regards

Rick

Hi Rick,

Before we continue with our screening I was just wondering if you could clarify whether Dunnedin conducted any preliminary consultation with commenting parties during the response period and if a schedule for future consultation has been developed. Any additional information that you can provide regarding what issues were resolved, or are outstanding, resulting from preliminary discussions would be appreciated.

Thanks,  
Davin
