Subject: RE: 15XN051-QE "Environmental Waste Processing Facility" project proposal re update
Date: Wednesday, April 06, 2016 9:15:17 AM

Sophia,

Thank you for the information. We are not planning to do any incineration at this time. Should it be decided to add incineration, then an amendment will be requested

Greg

Hi Greg,

We are finalizing the board memo regarding your project proposal and I noticed that the scope of activities that Heather summarized did not include incineration. Is QE planning on conducting incineration activities?

We hope to have a decision for this proposal by the earliest next week.

Regards,

Sophia Granchinho (), MSc., EP
