To: Johann Wagner

good morning Johann,

Thank you for your submission. I was reviewed the email string below and back in June I told you a land use permit would be required for this activity. But looking at your documentation attached to this email and your map stating your activity will be carried out in the administrative boundary of Cambridge Bay, your activity does not require a land use permit with INAC. My apologies for any confusion on my part.

Lee Ann

Dear Madam/Sir,

Please find attached our application for land use permit for our research camp near Cambridge Bay, Victoria Island, Nunavut. The application package contains the following documents:

- * Application for Land Use Permit form (LUP AANDC Application_POLAR_McLennan_2016.pdf)
- * Spill Contingency Plan for the camp (Spill_Contingency_Plan_POLAR_McLennan_2016.pdf)
- * Non-technical Project Proposal for the camp (Non-technical_Project_Proposal_EN_POLAR_Camp_McLennan_2016.pdf)
- * Map of the area, with location of the camp (POLAR_Camp_Greiner_Lake_McLennan_2016.pdf)

The second application with the original signature and with the associated fees will be mailed to your office shortly.

Please let us know the address to which the hard-copy of the application should be mailed.

Also, please let us know the acceptable form of payment for the \$200 application and land use fee from POLAR to INAC.

Thank you

Sincerely,

Johann Wagner

Subject: Re: approval for camp - Greiner Lake, Cambridge Bay

good morning Johann,

Upon review of the information you send me in regards to your project and the location of your camp, you will have to apply for a land use permit.

I have attached an application for you to fill out and send back to us. Please note we require two applications, one via email and one mailed in to our office with an original signature and with the associated fees. Please ensure you fill out the application in detail as we cannot issue the permit without the above materials.

Should you have any questions, please contact me.

Hi Lee Ann,

Sorry about that.
Please find attached the map for our camp, as well as the project proposal.

Please cc also the Nunavut Impact Review Board (info@nirb.ca<mailto:info@nirb.ca>) on the email with your decision.

Thank you very much

Johann

Hi Johann, would you be able to resend the map, it was not attached. I will get back to you once I review the map and if your project will require a land use permit.

Lee Ann

Dear Madam/Sir,

We at CHARS are in the middle of applying for permits for a research camp we would like to set up on the southern shore of Greiner Lake near Cambridge Bay, Victoria Island.

The location of the proposed camp is just outside an Inuit Owned Land, therefore supposedly on Crown Land (please see attached map).

Because of this, we were told by Nunavut Impact Review Board that we may need an approval from AANDC to set up the camp, and were advised to contact your office.

Please note that at this date CHARS is still part of AANDC as well.

We would greatly appreciate if you could advise us how to proceed further.

If requested, we will forward you the rest of our application documentation for this camp.

Thank you

Johann Wagner
