The NIRB has undertaken a preliminary completeness check of your project proposal and has found that **additional** information is required for the NIRB to carry out its screening. According to subsection 144(1) of the *Nunavut Planning and Project Assessment Act* (NuPPAA), the NIRB is requesting submission of the information as outlined in Appendix A of this correspondence by **July 4, 2016**.

Please be advised that pursuant to paragraph 92(3)(b) of the NuPPAA, the 45-days timeline for the Board to provide a screening decision stops on the date of this letter. This 45-days timeline will start again on the date the NIRB receives the requested additional information. If the proponent fails to submit the requested additional information, the Board may suspend or terminate the assessment activities of the proposed project pursuant to the relevant provisions under section 144 of the NuPPAA. Therefore, it is in NRCan's best interest to cure the identified information deficiencies in a timely manner.

If NRCan determines that the time required to supply the required information is significantly greater than two (2) weeks, the Board requests written notification and an anticipated date for submission be provided as soon as possible.

Please submit all forthcoming project proposal information through the NIRB's online public registry at <http://www.nirb.ca>. For additional instructions regarding the new project application portal, please contact NIRB administration at [info@nirb.ca](mailto:info@nirb.ca) or at 1-866-233-3033.
