Re: Screening Decision for Advisian's "Geotechnical and Environmental Baseline Studies – Pond Inlet Small Craft Harbour Development, Qikiqtani (North Baffin) Region

Dear Honourable Ministers:

On June 28, 2016 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen Advisian's "Geotechnical and Environmental Baseline Studies – Pond Inlet Small Craft Harbour Development" project proposal from the Nunavut Planning Commission (NPC or Commission) with an accompanying positive conformity determination with the North Baffin Regional Land Use Plan. Pursuant to section 86 of the *Nunavut Planning and Project*

Assessment Act (NuPPAA), the NIRB commenced screening this project proposal and assigned it file number 16YN046.

Following the assessment of all material information provided, the NIRB is recommending that a review of Advisian's "Geotechnical and Environmental Baseline Studies – Pond Inlet Small Craft Harbour Development" project is not required pursuant to paragraph 92(1)(a) of the NuPPAA.

Pursuant to its discretion under paragraph 92(2)(a) of the NuPPAA, the NIRB has determined that specific terms and conditions are appropriate for this project.

Accordingly, the NIRB is issuing the attached Screening Decision Report dated August 16, 2016 to the responsible Minister(s). The Screening Decision Report provides, among other things, the regulatory framework, project overview and the NIRB assessment process, factors relevant for the determining significance of impacts and recommended project-specific terms and conditions.

Please note that the project proposal will not be enclosed due to the size of the electronic document and the limited bandwidth. However, an electronic copy of the project proposal is accessible online from the NIRB's online public registry at www.nirb.ca by using any of the following search criteria:
