Re: Notice of Screening for University of Toronto's "Past Climate Reconstruction using annually-layered Carbonate buildups on the Nunavut Shallow Seafloor" project proposal

Dear Kristina Benoit,

On July 29, 2016, the Nunavut Impact Review Board (NIRB) invited parties to comment on the University of Toronto's "Past Climate Reconstruction using annually-layered Carbonate buildups on the Nunavut Shallow Seafloor" project proposal. Indigenous and Northern Affairs Canada (INAC) has reviewed the project proposal and has no comments to offer at this time pertaining to the NIRB's request.

INAC appreciates the opportunity to provide comments and looks forward to working with the NIRB and the Proponent throughout the regulatory process related to this project. Should you have any questions, please contact Andrea Markey at (867) 975-4554 or by e-mail at Andrea.Markey@aandc-aadnc.gc.ca.

Sincerely,
