Dear Ms. Ohokannoak, Ms. Pugh, Ms. Osmond, Mr. Frenette:

RE: NPC File # 148346 Parker, Peter, Fox lake. Winter access.

The following works and activities have been proposed in the above-noted project proposal:

1. Establish winter access (January-May) to the exploration projects Parker Lake, Peter Lake and Fox Lake, from the Meliadine project and from Baker Lake.

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. It conforms to the Keewatin (KRLUP). The proponent has agreed to the applicable conformity requirements of Appendix C of the KRLUP, including the Code of Good Conduct, and Caribou Protection Conditions/Measures. The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Land Claims Agreement.

The applicant has undertaken to comply with the attached conformity requirements. The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to

implement any of the attached requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the attached requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 983-4632.

Sincerely,
