Dear Tara,

This letter will serve to advise you that Sabina Gold & Silver Corp. will be resuming operations for the season at the Back River Project on or about March 29th, 2017. The following programs are currently anticipated to occur in 2017 at the Back River Project:

- March 29th to mid-May:
 - Approximate 6 week winter exploration drilling program at Goose camp. Limited personnel will be on site for the first week; with initial activity limited to camp opening tasks, such as snow clearing, warming up buildings, starting equipment, etc.
 - Potential mobilization of a drill to Bathurst Inlet for future geotechnical program.
- Mid-June to mid-July:
 - Approximate 2-3 week summer field based exploration program at Goose camp.

- August to mid-September:
 - Approximate 6 week fall exploration drilling program at Goose camp.

As per the terms of various licenses, best management practices and monitoring are part of Sabina's exploration programs. These permits are listed in the table below; copies available upon request:
