**Dear Ms. Kupsch:**

## North Arrow Minerals - Qilalugaq Exploration Program 2017 Approval

Further to email June 2, 2017 *North Arrow Minerals safety plan application complete with attachments Exploration safety plan application form – Qilaluqaa 2017.*

The Safety Plan is in compliance with Mine Health and Safety Regulations section 15.02(1)(b) and is deemed acceptable. Permission is hereby granted for work to proceed on the subject project.

**This permission will expire December 31, 2017.**

Please ensure as per MHSR section 2.01 no person works for more than 42 consecutive days without taking 14 days off away from the work site, and as per MHSR section 16.08.(a) the monthly accident report is submitted to this office in a timely manner.

Lex Lovatt is the inspector assigned to the exploration camps in that district. Please feel free to contact him at (867) 920 3849 W.

Yours truly

## Workers' Safety and Compensation Commission of the NWT and NU
