Re: **Screening Decision for Parks Canada's "HMS Erebus Wreck Site Archaeological Investigation" Project Proposal, Kitikmeot Region**

---

Dear Honourable Catherine McKenna:

On July 4, 2017 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen Parks Canada's (PC) "HMS Erebus Wreck Site Archaeological Investigation" project proposal directly from Parks Canada pursuant to section 167 of the *Nunavut Planning and Project Assessment Act* (NuPPAA). On July 17, 2017 the NIRB received correspondence from the Nunavut Planning Commission related to PC's "HMS Erebus Wreck Site Archaeological Investigation" project proposal noting that the project would occur outside of an area with an applicable regional land use plan for the establishment of a temporary camp outside of the national historic site (under NPC's jurisdiction).

Pursuant to Article 12, Sections 12.4.1 and 12.4.4 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada* (Nunavut Agreement) and section 87 of the *Nunavut Planning and Project Assessment Act* (NuPPAA), the NIRB commenced screening this project proposal. Due to the proposal containing activities that were sufficiently related to previously assessed activities under NIRB file number **15YN037**, the NIRB viewed this project proposal as an amendment to the previously screened project and assigned this proposal with this previous file number.

Following the assessment of all material information provided, the NIRB is recommending that a review of Parks Canada's "HMS Erebus Wreck Site Archaeological Investigation" project is not required pursuant to paragraph 92(1)(a) of the NuPPAA.

Pursuant to its discretion under paragraph 92(2)(a) of the NuPPAA, the NIRB has determined that specific terms and conditions are appropriate for this project.

Accordingly, the NIRB is issuing the attached Screening Decision Report dated August 31, 2017 to the responsible Minister. The Screening Decision Report provides, among other things, the regulatory framework, project overview and the NIRB's assessment process, factors relevant for the determining significance of impacts and recommended project-specific terms and conditions.

Please note that the project proposal will not be enclosed due to the size of the electronic document and the limited bandwidth. However, an electronic copy of the project proposal is accessible online from the NIRB's online public registry at [www.nirb.ca](http://www.nirb.ca) by using any of the following search criteria:

- Project Name: HMS Erebus Wreck Site Archaeological Investigation
- NIRB File No.: 15YN037
- Application No.: 125170

We look forward to receiving a response from the responsible Minister and the NIRB remains available for consultation with the Minister regarding this report as necessary. If you have any questions or require clarification, please do not hesitate to contact the NIRB's Director, Technical Services, Tara Arko at (867) 983-4611 or [tarko@nirb.ca](mailto:tarko@nirb.ca).

Sincerely,

Elizabeth Copland, Chairperson  
Nunavut Impact Review Board
