## SCIENTIFIC RESEARCH LICENSE

LICENSE # 02 057 18R-M

ISSUED TO: Robbie Bennett  
1 Challenger Drive  
Dartmouth, NS  
B2Y 4A2 Canada

TEAM MEMBERS: C. Campbell, A. Normandeau

AFFILIATION: Natural Resources Canada

TITLE: Geology Research in Baffin Bay.

### OBJECTIVES OF RESEARCH:

The proposed research expedition would take place in Baffin Bay, Davis Strait, and Southwing Fiord. Community visits were conducted in early 2013 in relation to the first phase of study in Baffin Bay. During the summer of 2013, we conducted a research expedition to Baffin Bay and returned to the communities to present some of the new research results early in 2014. The original application for the research licence occurred in 2015. At the time, a 1 month-long marine geology expedition was planned for August-September 2015. After the research licence was granted, the expedition was postponed until 2017 due to issues with the research vessel. In May 2015 and March 2016, community engagement sessions were held in Clyde River, Qikiqtarjuaq, Pangnirtung and Iqaluit. In 2016 and 2017, the research licence was renewed, but no fieldwork was conducted again due to research vessel issues.

### TERMS & CONDITIONS:

The holder of the licence will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report and the Department of Culture & Heritage archaeological sites terms and conditions. These terms and conditions will form part of this licence.

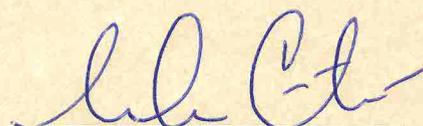

### DATA COLLECTION IN NU:

DATES: August 15, 2018-September 15, 2018

LOCATION: Baffin Bay, Davis Strait, Southwing Fiord

Scientific Research License 02 057 18R-M expires on December 31, 2018

Issued at Iqaluit, NU on June 19, 2018
