**Re: Notice of Release of Screening Decision Report for University of Waterloo's "Stream occupancy of young-of-year Arctic grayling (*Thymallus arcticus*) and the associated impact from the wastewater treatment facility in Baker Lake" Project Proposal, Kivalliq Region**

---

Dear Mosha Cote:

Enclosed is the Nunavut Impact Review Board (NIRB or Board) Screening Decision Report to The Honourable David Joanase, Minister Responsible for Nunavut Arctic College for University of Waterloo's "Stream occupancy of young-of-year Arctic grayling (*Thymallus arcticus*) and the associated impact from the wastewater treatment facility in Baker Lake" Project Proposal, in the Kivalliq Region, dated August 8, 2018.

The NIRB has assessed this project proposal for ecosystemic and socio-economic impacts taking into consideration the comments from relevant authorities and communities. Based on this assessment, the Board has indicated to the responsible Minister that a review of the project is not required in accordance with paragraph 92(1)(a) of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*). Accordingly, the NIRB awaits a response from the Minister.

In the absence of a response from the Minister, regulatory authorities should take note of paragraph 75(1)(e) of the *NuPPAA*, which provides: "A regulatory authority is not authorized to issue a licence, permit or other authorization in respect of a project if the responsible Minister has decided either that the project could be modified and an amended project submitted to the Commission or that it is not to proceed." Contravention of s. 75(1) of the *NuPPAA* will render a licence, permit or other authorization issued of no force or effect.

Please contact Andrea Omilgoitok, NIRB Environmental Administrator, at (867) 983-4615 or [info@nirb.ca](mailto:info@nirb.ca) if you have any questions or require additional clarification.

Sincerely,

Andrea Omilgoitok  
Environmental Administrator
