AFFILIATION:

TITLE: Polar Knowledge Canada (POLAR) Camp on Greiner Lake, Cambridge Bay

OBJECTIVES OF RESEARCH:

Due to location access issues, POLAR camp has been erected on the northern shore of Greiner Lake at a slightly different location instead of the previously submitted coordinates. One 14 ft. Weatherhaven tent installed instead of the two metal frame 3m X 4m tents installed - Arctic Research Foundation Mobile Marine-Archaeological-Geological Network mobile laboratory will not be deployed in the foreseeable future - Due to the rocky nature of the camp site, we would like to erect plywood platforms for the individual all-season tents. While we will dismantle most of the camp by September 30, 2018, we would like to keep in place the Intershelter Polar Dome, as well as the Weatherhave tent beyond this date, and around the year, in order for them to serve as emergency shelters, for both POLAR staff, and Cambridge Bay community members.
