

GENERAL COMMENTS FORM FOR PUBLIC MEETING

NIRB Review of Kitikmeot Inuit Association and Government of Nunavut's Grays Bay Road and Port Project (17XN011) Public Scoping and EIS Guidelines Meetings

Components:

1. Grays Bay Port
2. Jericho Station
3. All-weather road from Grays Bay to Jericho Station
4. Winter road from Jericho Station to the Tibbet-Contwoyto Winter Road
5. Annual resupply (open-water season shipping and winter road)

Please indicate your concerns about the project proposal:

- | | |
|--|---|
| <input type="checkbox"/> no concerns | <input checked="" type="checkbox"/> traditional uses of land |
| <input checked="" type="checkbox"/> water quality | <input checked="" type="checkbox"/> Inuit harvesting activities |
| <input checked="" type="checkbox"/> terrain disturbance | <input type="checkbox"/> community involvement and consultation |
| <input checked="" type="checkbox"/> air quality | <input type="checkbox"/> local development in the area |
| <input checked="" type="checkbox"/> terrestrial wildlife and their habitat | <input type="checkbox"/> tourism in the area |
| <input type="checkbox"/> marine mammals and their habitat | <input type="checkbox"/> human health issues |
| <input type="checkbox"/> birds and their habitat | <input checked="" type="checkbox"/> transboundary effects |
| <input checked="" type="checkbox"/> fish and their habitat | |
| <input checked="" type="checkbox"/> heritage resources in the area | other: _____ |

Please indicate if there are any additional concerns with this project:

- ¹⁰⁰⁰
- additional trucks on Tibbet-Contwoyto Winter Road
- safety of hunters using winter road due to increased traffic
- will proponent help with \$ or maintenance of winter road due to increased traffic
- caribou & other wildlife crossings due to increased traffic
- increased wildlife officer presence on road. From Grays Bay all the way S to Yellowknife.

Do you have any specific questions or comments with respect to this project, the draft EIS Guidelines, or the Nunavut Impact Review Board?

- project intersects Bathurst caribou calving grounds. Grounds that should be protected from disturbance. The Bathurst are currently in decline and have been for many years now. In the NWT we are spending A LOT of money drafting plans to help them recover. This project has potential to delay their recovery even further.
