

Now

The Government of Nunavut works on less than 100 MB per second

Can take over 2 hours to send a CT scan to Ottawa

Government operations requires 50 times more bandwidth – 5000 MBps

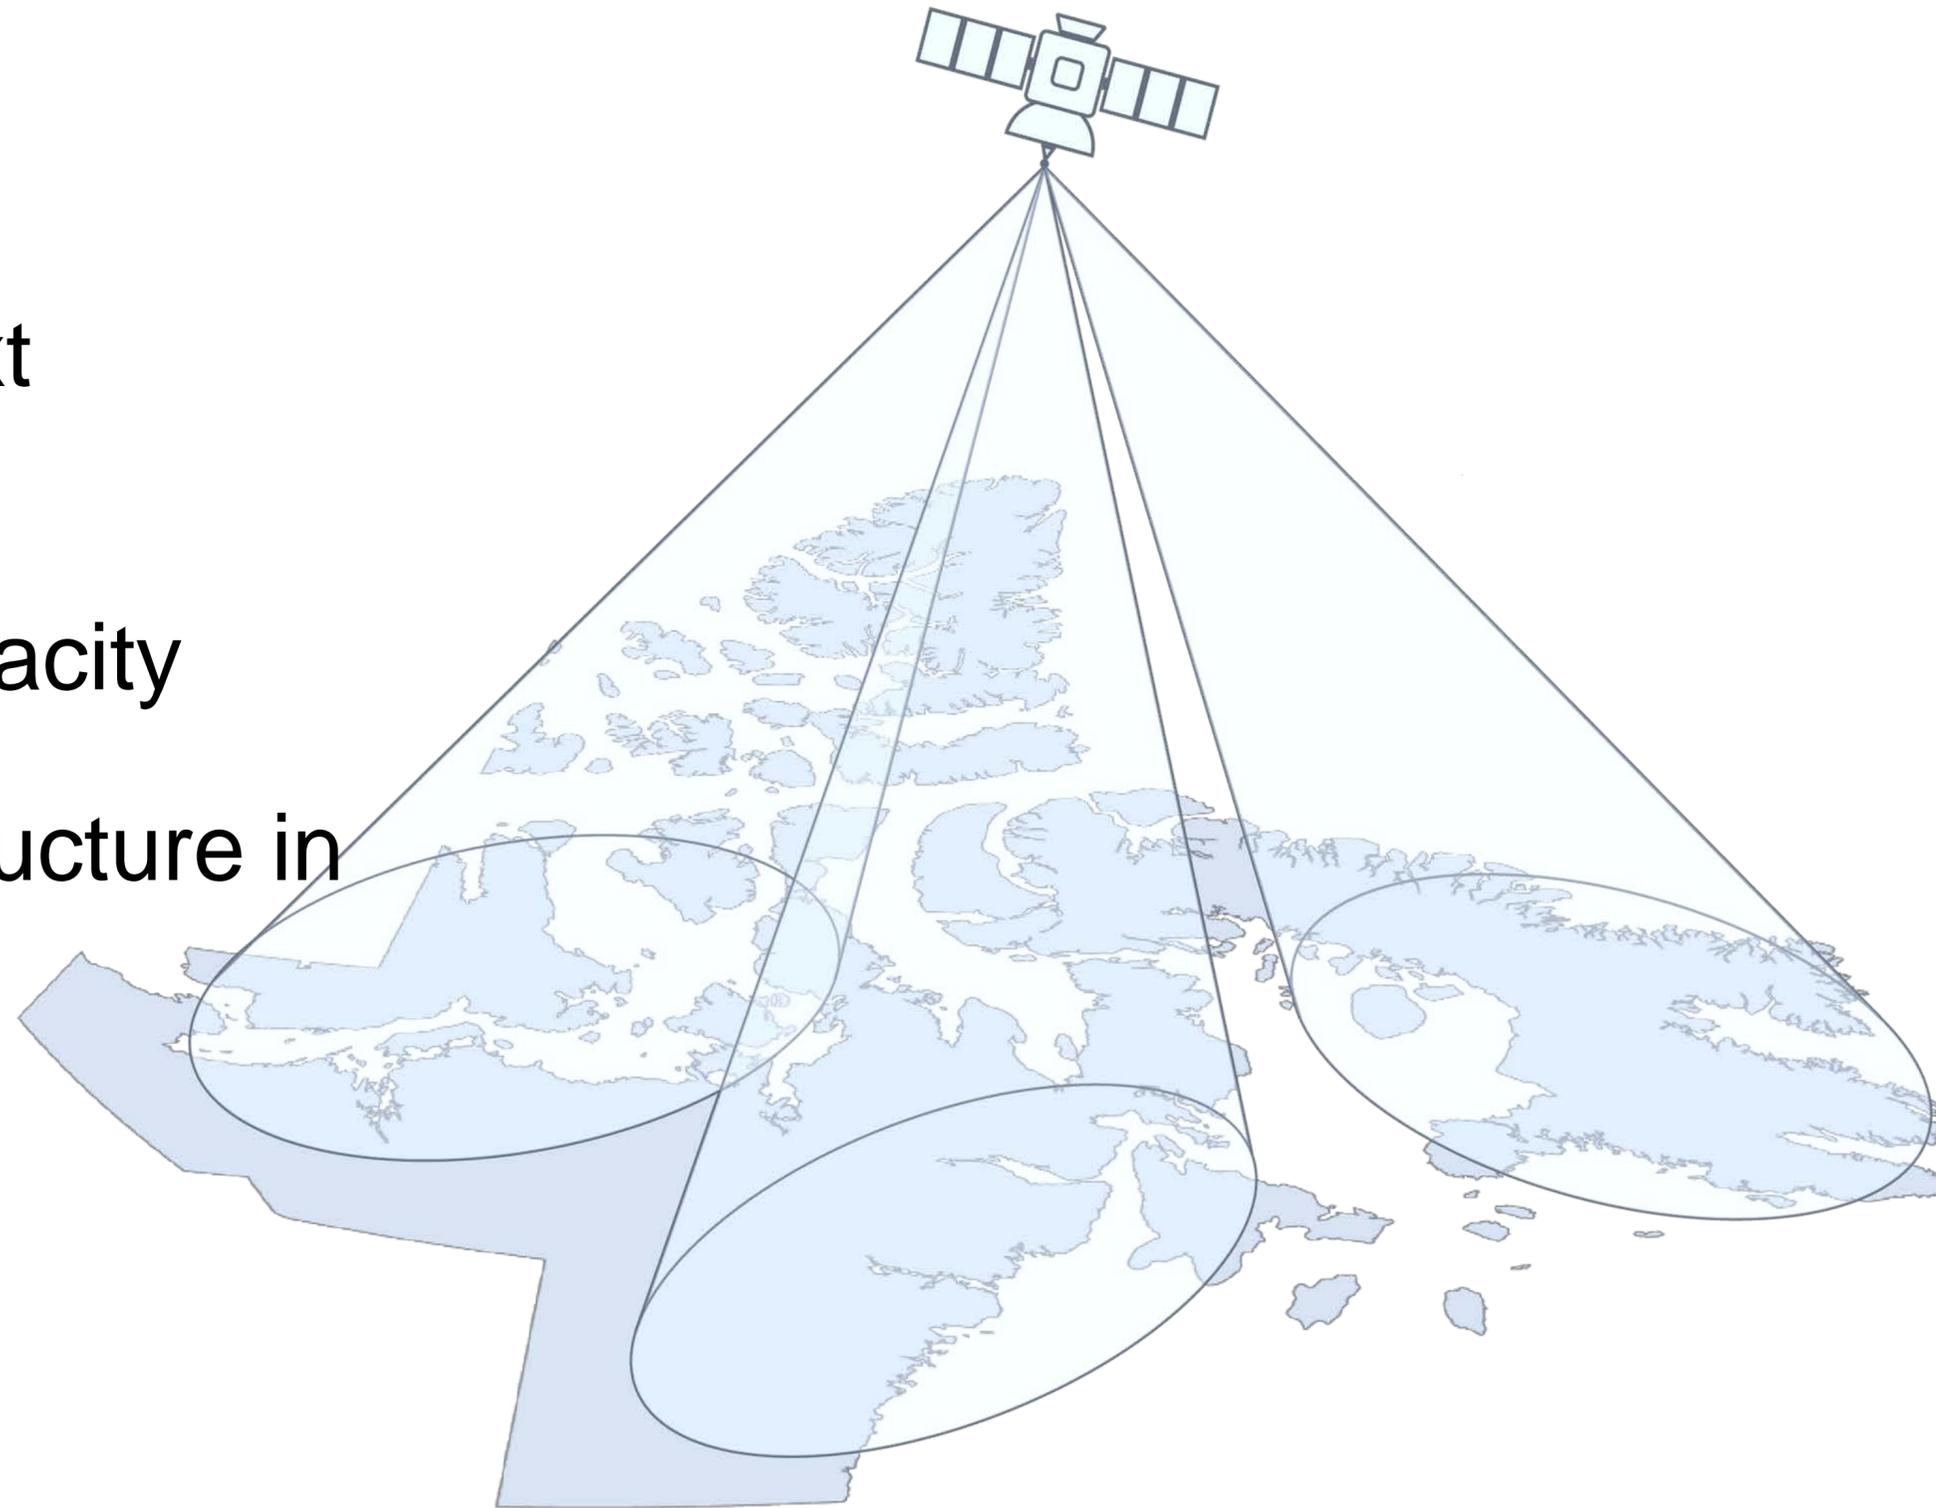

The Plan

Work with suppliers on next generation T19 Satellite

New plan for balancing capacity

NWTEL will upgrade infrastructure in all Nunavut Communities

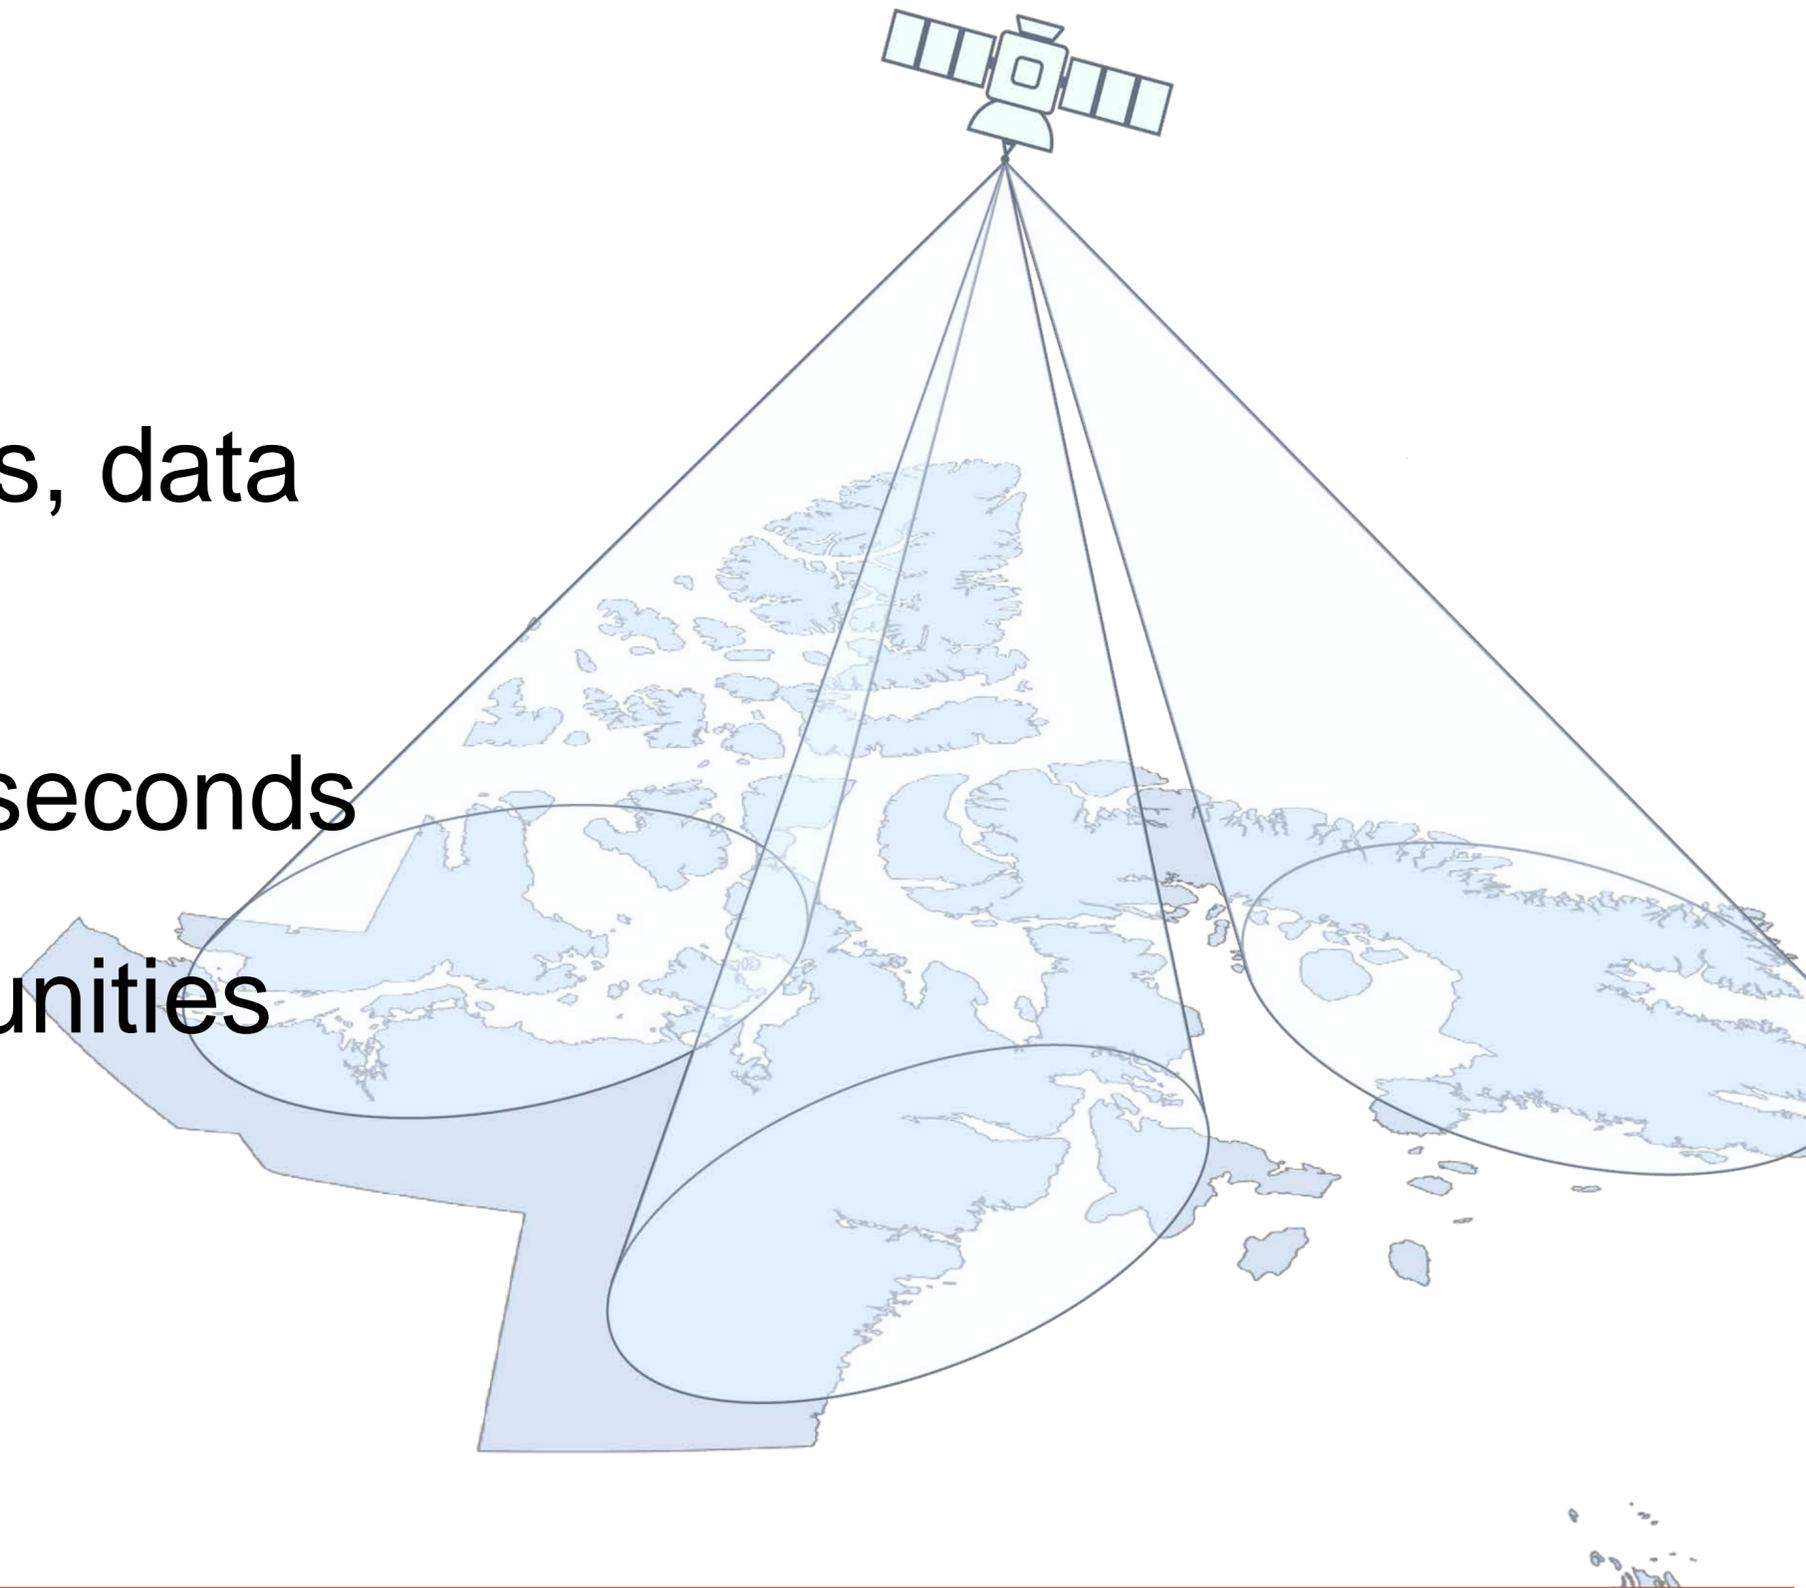

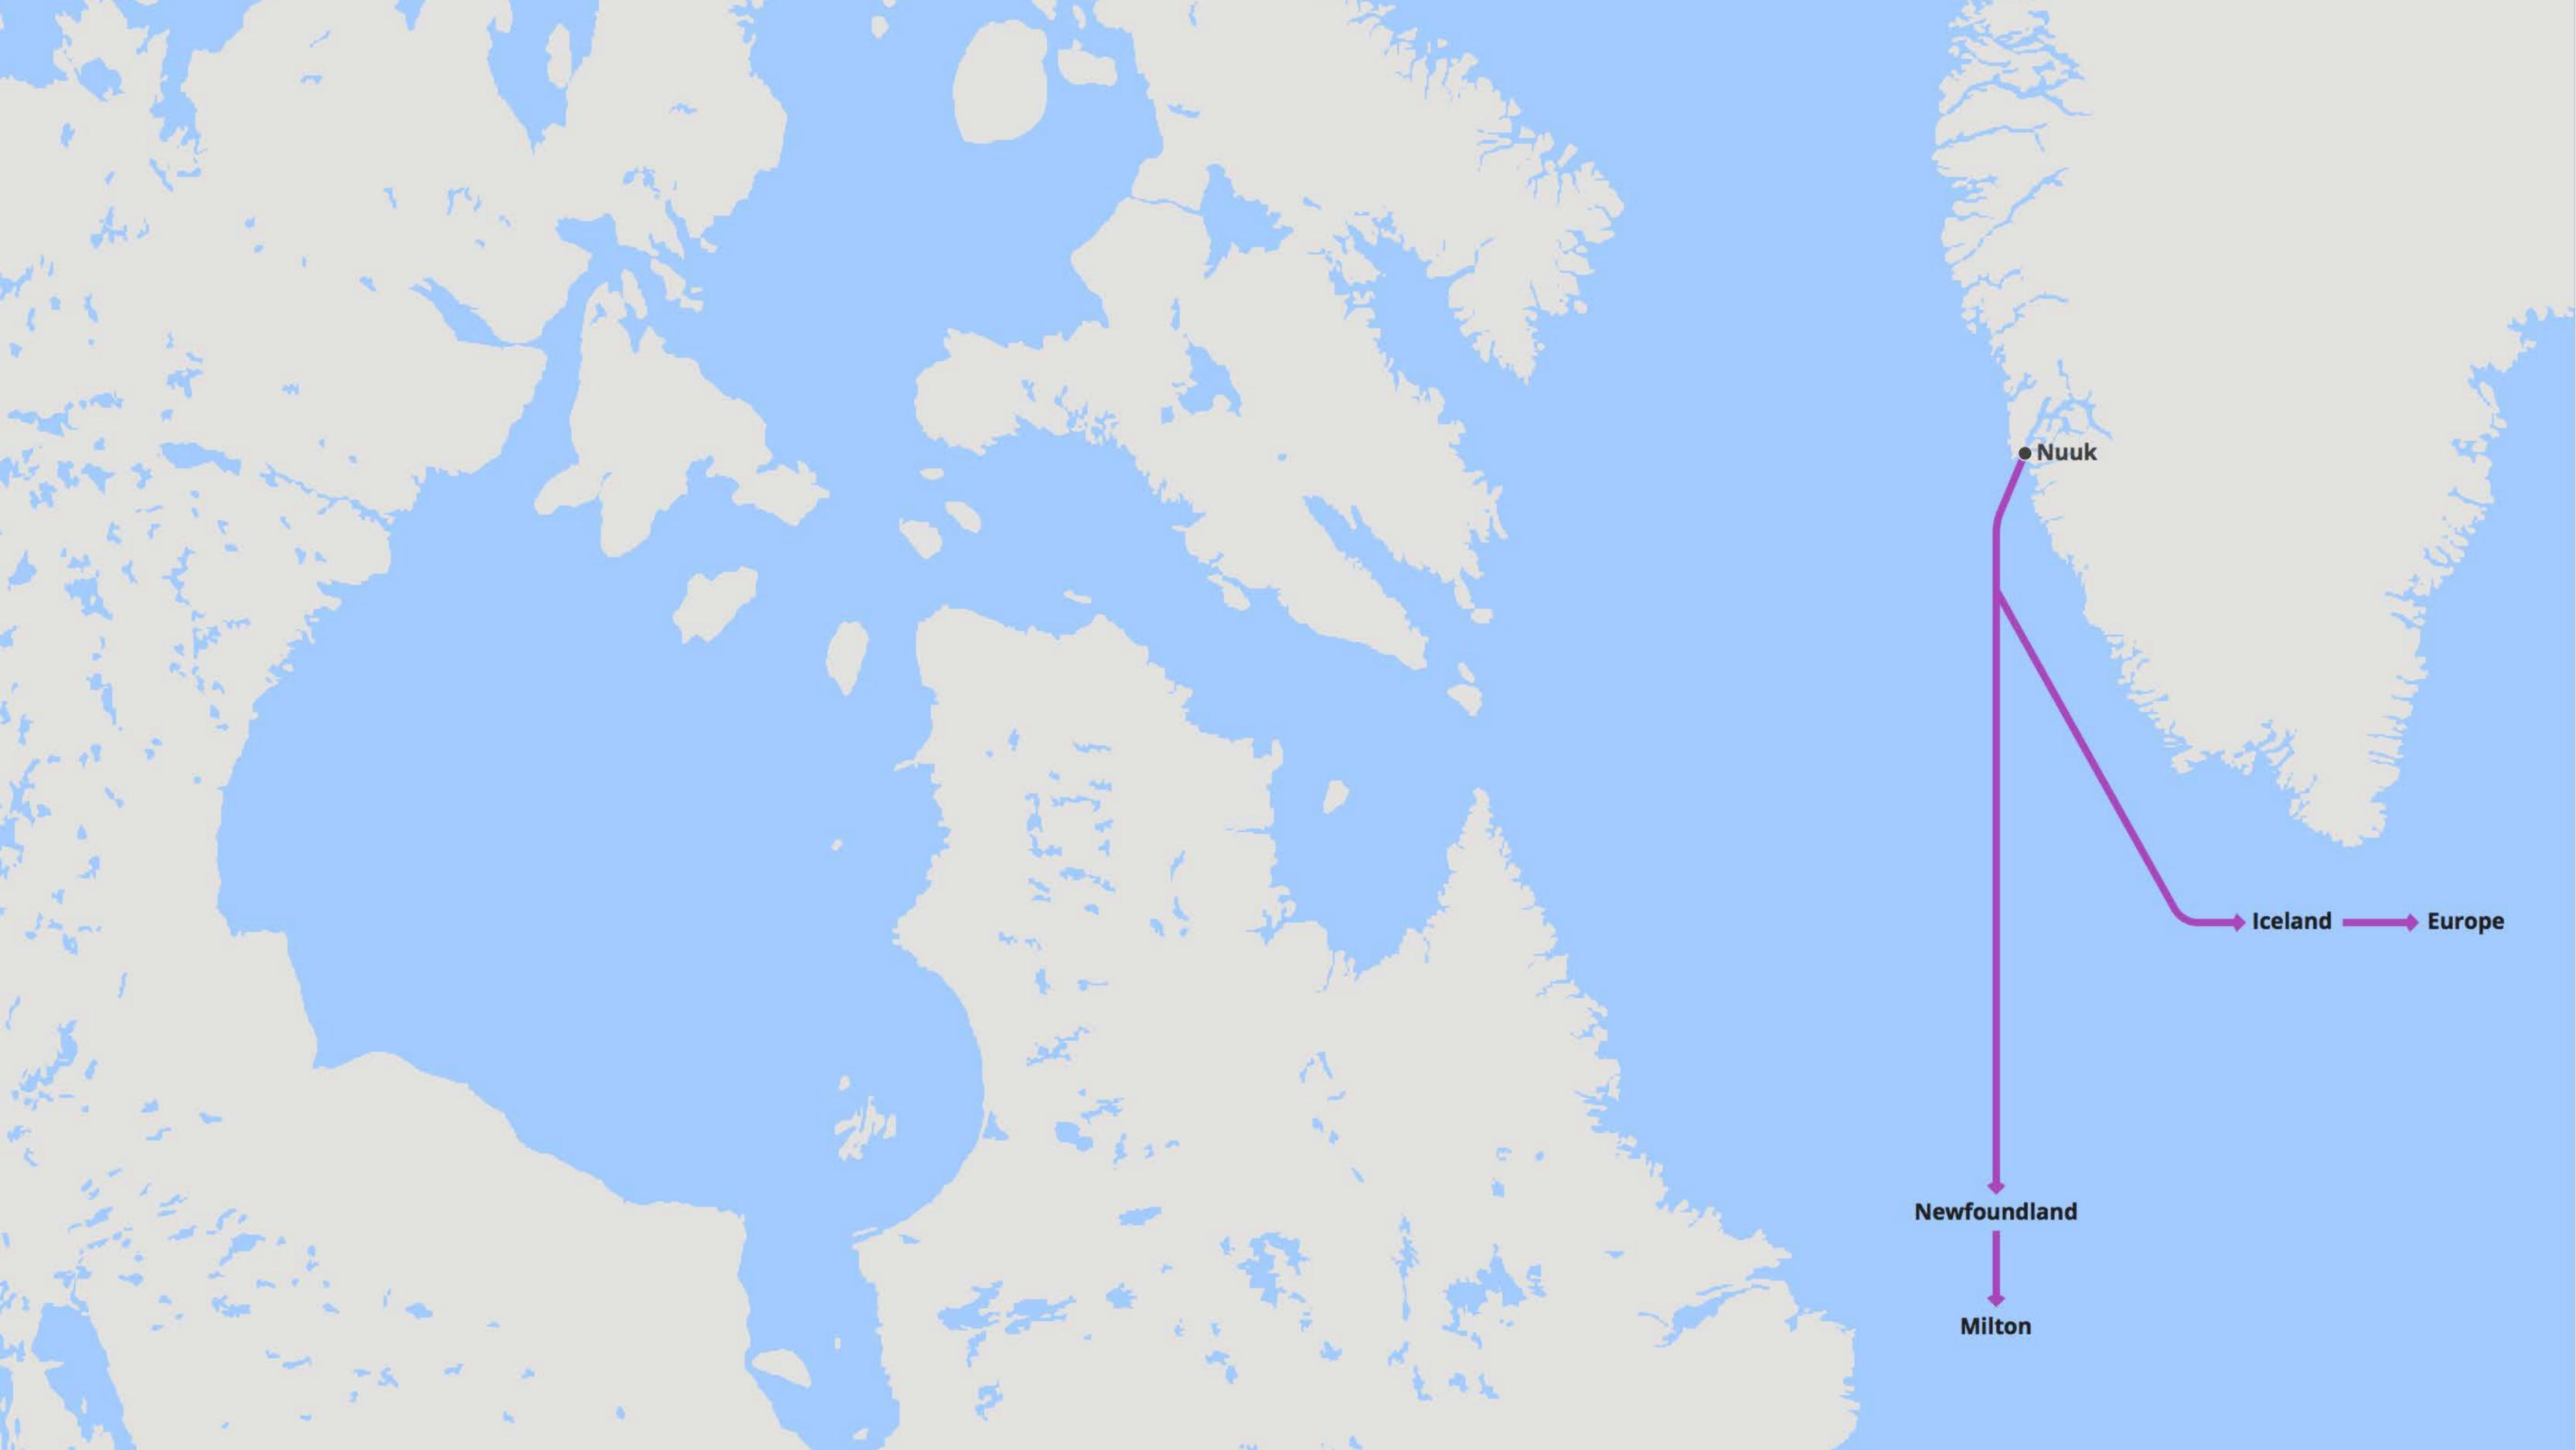

The future

Increased download speeds, data limits, reduced price

CT scan sent to Ottawa in seconds

Voice services in all communities
