SCIENTIFIC RESEARCH LICENSE

LICENSE # 02 013 19R-M

ISSUED TO: James Drummond
Department of Physics & Atmospheric Science
6310 Coburg Road, PO Box 15000
Halifax, NS
B3H 4R2 Canada

TEAM MEMBERS: P. Fogal, K. Strong

AFFILIATION: Dalhousie University

TITLE: CANDAC-The Canadian Network for the Detection of Atmospheric Change

OBJECTIVES OF RESEARCH:

In 2019 we will pursue our goal of carrying out a program of state-of-the-art scientific measurements in the Arctic. Keeping equipment on line and taking care of our personnel remain our major concerns. CANDAC will continue to push forward with the PAHA project for as long as possible. CANDAC/PEARL/PAHA has demonstrated that it has a solid core complement of instrumentation, facilities and personnel. Operationally, 2018 was characterized by a high level of instrument operation with near complete measurement capabilities. We expect to expand measurement capabilities during 2019 sunrise and hope that the increased capability persists beyond the campaign. As in previous years, we have a significant amount of research dissemination while continuing to train and develop the skills of highly qualified personnel.

TERMS & CONDITIONS:

The holder of the license will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report and by the Department of Culture & Heritage archaeological sites terms and conditions. These terms and conditions will form part of this license.

DATA COLLECTION IN NU:

DATES: January 29, 2019-December 31, 2019

LOCATION: Eureka

Scientific Research License 02 013 19R-M expires on December 31, 2019

Issued at Iqaluit, NU on January 29, 2019
