---

To whom it may concern

I, the Mayor of Naujaat on behalf of the Hamlet Council is writing this letter in support of the Access Trail Project. The project would help employ more community members, improve tourist attraction, open possibilities to future projects such as traditional activities and much more. Most importantly, the access trail would provide easier access for hunters to access more hunting grounds during the spring, summer and fall seasons. The Hamlet Council supports this project, they believe this project will open a lot of possibilities for Naujaat and the people in it.

Solomon Malliki

Mayor, Hamlet of Naujaat
