Re: Notice of Release of Screening Decision Report for University of Colorado's "Ancient DNA in Lake Sediment" Project Proposal, Qikiqtani (North Baffin) Region

Dear Land Administrators:

Enclosed is the Nunavut Impact Review Board (NIRB or Board) Screening Decision Report to Honourable Patterk Nester, Minister Responsible for Nunavut Arctic College, for University of Colorado's "Ancient DNA in Lake Sediment" Project Proposal in the Qikiqtani (North Baffin) Region, dated April 15, 2019.

The NIRB has assessed this project proposal for ecosystemic and socio-economic impacts taking into consideration the comments from relevant authorities and communities. Based on this assessment, the Board has indicated to the responsible Minister that a review of the project is not required in accordance with paragraph 92(1)(a) of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*). Accordingly, the NIRB awaits a response from the Minister.

In the absence of a response from the Minister, regulatory authorities should take note of paragraph 75(1)(e) of the *NuPPAA*, which provides: "A regulatory authority is not authorized to issue a licence, permit or other authorization in respect of a project if the responsible Minister has decided either that the project could be modified and an amended project submitted to the Commission or that it is not to proceed." Contravention of s. 75(1) of the *NuPPAA* will render a licence, permit or other authorization issued of no force or effect.

Please contact Andrea Omilgoitok, NIRB Environmental Administrator, at (867) 983-4615 or info@nirb.ca if you have any questions or require additional clarification.

Sincerely,

Andrea Omilgoitok
Environmental Administrator
