Re: Additional Information Required: Information Request # 2 for iSolara Solar Power's "Igluligaarjuk Midnight Sun" Project Proposal

Dear Mitchell Niles:

On December 14, 2018 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen iSolara Solar Power's (iSolara) "Igluligaarjuk Midnight Sun" Project Proposal from the Nunavut Planning Commission (NPC or Commission). The NIRB assigned this Project Proposal file number **18UN054**.

On December 17, 2018 the NIRB requested that the Proponent complete the online application form through the NIRB's public registry system and ensure, pursuant to s. 144(1) of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*), that sufficient information is provided to determine the scope of the project activities being proposed and commence screening. Following a preliminary completeness check of the proposal as submitted, the NIRB determined that the proposal did not contain the necessary information for the NIRB to carry out its screening and on January 9, 2019 requested that the Proponent provide the Board with the requested information in order to carry out the screening of the project proposal. The NIRB followed up on numerous occasions via email (January 21, 2019; February 22, 2019; March 11, 2019) requesting an update on when the additional information would be provided. To date, the Board has not received the requested information or notification regarding when the information would be made available. Please note that if the Proponent fails to submit the requested additional information, the Board may suspend the assessment activities of the proposed project pursuant to s. 144(2) of the *NuPPAA*. Therefore, it is in iSolara's best interest to cure the identified information deficiencies in a timely manner.

The NIRB is again requesting submission of the information as enclosed and for the information to be provided by **May 6, 2019**. If iSolara determines that the time required to supply the required

information is significantly greater than one (1) week, the Board requests written notification and an anticipated date for submission be provided as soon as possible.

Please submit all forthcoming project proposal information through the NIRB's online public registry at www.nirb.ca. For additional instructions regarding the new project application portal, please contact NIRB administration at info@nirb.ca or at 1-866-233-3033.

If you have any questions or require additional clarification, please contact the undersigned directly at 867-983-4617 or kmorrison@nirb.ca.

Sincerely,
