RE: NIRB 125450 / 19XN014 - Opportunity for Northern Energy Capital Inc. to Address
Comments Received for the "Nunavut Clean Energy Project" Project Proposal

To Whom It May Concern;

As a corporation, Northern Energy Capital exists to empower and enable community-scale renewable energy projects that transform the way energy is delivered in our northern communities, and in the process achieve greater energy-diversity, resilience and long term sustainability.

We are committed to working with all stakeholders and interested parties in the development of renewable energy, and request the opportunity to carefully consider and address all of the comments that were raised in conjunction with our preliminary NIRB application.

We request an extension of six months to thoroughly review and address all comments and provide our response letter. If there are any questions or concerns, please contact the undersigned.

Thank you,

Kailey Wright
Project Co-ordinator (Cold Climate Research and Innovation)
Northern Energy Capital
