Good afternoon Talia

The trail to that deposit would have to be all weather access.

Subject: NIRB File No.: 19PN003-Clarification on gravel deposits

Good morning Solomon,

In addition to the Hamlet's response to the NIRB's information request, I have one clarification question:

- What type of road would be constructed to access the 7th gravel deposit located approximately 2km north of the proposed trail?
 - All-weather access; and/or
 - Winter road

Thank you for your time,
