Dear Mr. Dwyer, Ms. Rahmer:

RE: NPC File # 149107 [Nanisivik Naval Facility, NU. Water Use License renewal]

The following works and activities have been proposed in the above-noted project proposal:

1. Renewal of Water **Licence** 8BC-NNF1418
2. Location: Qikiqtani Region; [Nanisivik]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The activities associated with this proposal were previously reviewed by NPC, and conformity determinations were issued on March 12, 2009, June 27, 2014, and November 28, 2014, which still apply. In addition, the activities were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 09DN018). This project proposal is exempt from the *Nunavut Planning and Project Assessment Act* (NUPPAA) under section 235 of that Act. The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials, including the applicable conformity requirements, are available at the following address:

<http://lupit.nunavut.ca/portal/project-dashboard.php?appid=148107&sessionid=>

This conformity determination applies only to the above noted project proposal as submitted. The regulatory authorities to which this letter is addressed are responsible under the Nunavut Agreement to implement any of the applicable conformity requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.
