- Transportation, storage and use of approximately 4,100 litres (L) of aviation fuel at the existing Huckleberry Exploration Campsite (NIRB File No. 17EA068);
- Conduct mineral prospecting within the Snow Mineral Property;
- Use of helicopter to transport equipment and personnel from Whale Cove and Huckleberry camp to the proposed prospecting locations; and
- All waste generated would be brought back to the Meliadine Mine (NIRB File No. 11MN034) or Huckleberry campsite for proper disposal.
