Dear Andrea,

Thanks very much for following up on this, and apologies for the delay in completing the NIRB online application. Our project changed slightly in scope after additional consultation with members of the community, and will now focus exclusively on killer whales, so we have amended the title and summary. The Nunavut Planning Commission has received our amendment and issued a letter of conformity on May 24, 2019 (NPC file No 149163). I am about to complete the NIRB online public registry application with the updated project details, and will submit today.

Thanks very much!

Valeria

Dear Dr. Valeria Vergara;

On May 10, 2019 the Nunavut Impact Review Board (NIRB or Board) issued an Information Request regarding Ocean Wise Conservation Association's (Ocean Wise) "Eyes Above and Ears Below: Combining Technologies to Understand Vocal Behaviour, Group Composition and Noise Disturbance in Narwhal and Killer Whale Arctic Habitats" project proposal (NIRB: 19YN024 NPC: 149066) and are currently requesting an update on when a complete online application form will be submitted through the NIRB's public registry system?

Please submit all forthcoming project proposal information through the NIRB's online public registry at <http://www.nirb.ca>.

For additional instructions regarding the new project application portal, please contact NIRB administration at info@nirb.ca or at 1-866-233-3033.
