PO Box 200
Hamlet of Gjoa Haven, NU

Dear Connie Baines,

On March 18, 2019 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen the Hamlet of Gjoa Haven's "Sea-ice monitoring to support resilient transportation infrastructure, community economic development and youth training in Gjoa Haven and Taloyoak, Nunavut" project proposal from the Nunavut Planning Commission for screening, pursuant to Part 3 of the Nunavut Planning and Project Assessment Act, S.C. 2013, c. 14, s. 2 (NuPPAA).

The NIRB is unable to provide a written report and request an extension to the 2nd of July, 2019, in order to properly review the proposal.

We grant this request.

If you should require additional information, please do not hesitate to contact Mr. Mosha Cote at the Nunavut Research Institute. You can reach him at 867 979 7279 or by e-mail at mosha.cote@arcticcollege.ca

Yours Sincerely,
