<p>Please describe the concerns indicated above:</p> <p>Other than information on the Solar Array and Battery Storage System there have been no baseline or engineering studies completed on the proposed site, the transmission line or the road extension to the site.</p>																			
<p>Do you have any suggestions or recommendations for this application?</p> <p>Baseline and engineering studies need to be completed on the proposed site, the transmission line or the road extension to the site. Permits and agreements are required from Qulliq Energy Corp and the Government of Nunavut. If this proposed development is located on IOL then land use permits will be required from the Kivalliq Inuit Association.</p>																			
<p>Do you support the project proposal? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Any additional comments?</p> <p>Given the absence of the various studies, permits and applications mentioned in the preceding sections the Kivalliq Inuit Association cannot support this application at this time.</p>
