Dear Tanya Maksagak and Goump Djalogue:

Reference: Withdrawal of Project Proposal 19YN038 "Unnamed Lake Water Supply Studies:

On August 9, 2019, the City of Iqaluit (City) received Ministerial approval of an amendment to water licence 3AM-IQA1626 allowing supplementation of the City's water reservoir Lake Geraldine from the Apex River and Unnamed Lake under emergency circumstances. In its application to the Nunavut Water Board, the City proposed an extensive monitoring program inclusive of water level and flow monitoring in Unnamed Lake and Apex River tributaries. This program was referenced in a Letter of Advice from Fisheries and Oceans Canada 19-HCAA-00969 as a condition of approval of the proposed program.

As the scope of the monitoring program associated with the "2019 Emergency Amendment" of 3AM-IQA1626 is inclusive of the activities proposed in the project proposal "Unnamed Lake Water Supply Studies" (NPC File #149188; NIRB File 19YN038), the City is withdrawing this project proposal.

Attached to this correspondence for your information are:

- Ministerial Approval of Amendment #3 3AM-IQA1626
- 3AM-IQA1626 Application for Amendment – "2019 Apex and Unnamed Lake Supplementation Project" Supporting Submission
- Letter from Minister Lorne Kusugak to Nunavut Water Board July 31, 2019

Please don't hesitate to contact me should you have any questions.

Thank you,

Amy Elgersma, Chief Administrative Officer
