The map displays the proposed railway route in Nunavut, Canada. Key locations and features include:

- Geographical Features:** Borden Peninsula, Milne Inlet, Steensby Port, Magda Plateau, Bruce Mountains, and the Milne Inlet Tote Road.
- Infrastructure:** The proposed railway route is shown as a dashed green line, connecting the coast near Milne Inlet to Steensby Port.
- Project Location:** A yellow dot marks the project location near Milne Inlet.
- Inset Map:** A map of Canada showing the location of the project in the northern region.
- Scale:** A scale bar indicates a distance of 0 to 100 km.

A wide-angle photograph of a vast, flat, snow-covered landscape. The foreground is a smooth, white expanse of snow. In the middle ground, a dark, horizontal line stretches across the frame, possibly a frozen body of water or a distant shoreline. The sky is a clear, pale blue with a few wispy clouds. The overall scene is serene and desolate.

A photograph of a steep, rocky mountain slope. On the left side, a winding road or path is visible, bordered by a low wall. The mountain face is composed of various rock layers, with some areas showing reddish-brown staining or mineral deposits. The sky is clear and blue.

A wide-angle photograph of a desolate, flat landscape. In the foreground, the ground is a mix of light-colored, sandy soil and patches of reddish-brown earth. A long, low, dark structure, possibly a fence or barrier, stretches across the middle ground. The background is a flat, open plain under a bright, hazy sky. The sun is visible in the upper left corner, creating a strong glare.

A photograph of a snow-covered landscape. In the foreground, there is a small, dark-colored building or structure partially buried in snow. A black arrow points from the top of the frame down to a specific location on the roof of this structure. The ground is covered in snow with visible tire tracks. In the background, there are snow-covered hills under a clear sky.

A yellow bulldozer is positioned in the center of a large pile of debris and rubble. The debris consists of various materials, including wood, metal, and concrete. The bulldozer's blade is lowered, and it appears to be working on the pile. The background shows a clear sky and some distant structures.

A photograph showing two large plastic bags filled with hazardous waste. The bag in the foreground is yellow and has the words 'HAZ SOL CANS' written on it in black marker. It is filled with various metal cans and containers. To its left is a black bag, also labeled 'HAZ SOL CANS' in white marker. The background shows an industrial setting with metal structures and equipment.

A photograph of a snowy, rocky landscape. In the foreground, a red fire hydrant is partially covered in snow, with a green hose connected to it. The hose runs across the snow-covered ground towards the left. In the background, there are more snow-covered rocks and a distant, hazy horizon. A red fire hydrant is visible in the middle ground, and a green hose is connected to it. The ground is covered in snow and rocks.

A photograph showing a rocky shoreline. Large, light-colored rock formations with visible horizontal layering or fracturing are the main focus. In the foreground, there are smaller, darker, and more rounded rocks, some of which are partially covered by a layer of white snow or ice. The overall scene suggests a cold, coastal environment.

ፊኒሽ ስፔሻሊስት

A large black shipping container is partially buried in a vast, flat, white landscape. The container has white text on its side that reads: "REINFORCED", "HART DRYER PROLOGIC", "LONDON", "WESTFIELD LTD.", "TANAGER", "HULL". A white door is visible on the left side of the container. The landscape is flat and white, with some dark patches in the foreground. The sky is grey and overcast.
