Dear Dr. Lars Brinkmann;

This email is a follow up to the Suspension of Assessment of Activities issued by the Nunavut Impact Review Board (NIRB or Board) dated, October 3, 2016 for the Canadian Nuclear Laboratories' "Predicting Environmental Health Risk from Radioactivity in the Canadian Arctic" project proposal (NIRB: 16YN047; NPC: 148304).

The NIRB requests that Canadian Nuclear Laboratories' provide an update to confirm whether the company expects to re-engage the assessment process for the "Predicting Environmental Health Risk from Radioactivity in the Canadian Arctic" project proposal and if so, when can the NIRB expect the material be submitted?

If you have any questions or require clarification on the NIRB's Process, please contact Natasha Lear, Manager, Technical Administration, directly at (867) 983-4612 or by email at nlear@nirb.ca.

Best regards,

Cassel Kapolak
