Hello Nansen,

Thank you very much for the attached responses. They will be uploaded to the NIRB's Public Registry.

Cheers,

**Emily Koide**

Dear Emily,

Please find attached the response to the NIBB comments. If you could please upload it to the registry, that would be much appreciated.

regards,

Nansen

Hello Nansen,

Thank you for your reply.

You can write a word document and upload it to the public registry or you can write a response in an email we can upload it under correspondence to your project. What ever is easiest for you!

Cheers,

Hello Emily,

Thank you for the email. I appreciate the time take on our submission.

Is the best way for me reply to the questions below in a word document and attach it to the NIRB website?

Regards,

Nansen

Hello Nansen,

The Nunavut Impact Review Board (the NIRB) has circulated a public notice of the screening for Canadian Arctic Holidays' "Clyde River Land Use Permit" project proposal and invited interested parties to provide comments by January 31, 2020.

Although the commenting period has not ended, the NIRB has received comments from CIRNAC and would like to provide an opportunity for Canadian Arctic Holidays to address the comments prior to the Board rendering its determination for this screening assessment.

A summary of CIRNAC's comments relate to the following:

- Recommendation that the Proponent provide a brief written summary of its interaction with Hamlet of Clyde River and community members.

Request that the Proponent provide clarification for their determination that their project will have a positive impacts on ecosystemic components (water quality, vegetation, wildlife etc.) as filled out in the Impacts Matrix in the provided application.

- Recommendation to incorporate Inuit Qaujimajatuqangit
- Recommendation to brief community members on project activities
- Recommendation to train and provide economic opportunities to local community members.

Please review the full comment submission from the NIRB's online public registry at [www.nirb.ca/project/125495](http://www.nirb.ca/project/125495)

The NIRB is requesting a brief response to these recommendations and requests by email so they can be loaded onto the public registry.

If you have any questions please do not hesitate to ask.

Cheers,

**Emily Koide**
