March 15, 2019	12:25	Arviat -Mayor and SAO, Black Lake FN	<p>Good morning:</p> <p>I am working with Canarc Resources Corp. who have the Hard Cash property. The property, consisting of 209April 70 hectares on Crown Land, is a located in the Ennadai Greenstone Belt in SW Nunavut on the shores of Ennadai Lake. The property is 405 km from Arviat, Nunavut, 310 km NE of Stony Rapids, Saskatchewan and is accessible by float plane or helicopter. There is an all-weather gravel airstrip at Ennadai Lake Lodge which is owned by Arctic Haven, 35 kms west of the property.</p> <p>Canarc Resources would like to conduct mineral exploration this summer and in would like to meet with you to hear any concerns you may have, and work together on suggestions for any mitigation that may be necessary. The company recognizes that the best information is from the knowledge holders and hopes to meet with you soon.</p> <p>Work proposed for this year is to conduct early stage exploration and possibly drilling between early June and mid-August 2019. The program is expected to take place in two stages. Stage One will take approximately two weeks and will include geological mapping, rock</p>

			<p>and soil sampling and prospecting by a four-person crew. Stage Two will involve a small exploration diamond drilling program consisting of six holes totalling 1200 meters. It will be about three to four weeks in duration, involving a crew of eight employees and contractors. All activities will be based out of the Arctic Haven Wilderness Lodge at Ennadai Lake and will be helicopter supported.</p> <p>The proposed schedule at this time is:</p> <p>Monday, April 8, Arviat – Mayor and Settlement Administrative Officer, Hunters and Trappers Organizations, evening public meeting</p> <p>Tuesday, April 9 or Wednesday April 10, Lac Brochet – meeting in Thompson? Meeting in Lac Brochet? Advice please</p> <p>Wednesday April 10, Stony Rapids – meeting in Stony Rapids/Black Lake – Chief and Council? Public meeting? Advice please</p>

March 21, 2019	12:15	Arviat -Mayor and SAO, HTO and MLA Black Lake FN	<p>Email to, from DL: Hello:</p> <p>Please see my note below:</p> <p>Is it possible to have a public meeting on April 8 in Arviat to discuss Canarc's proposed exploration program? Can someone please let me know if the hall is available? Who should I contact for catering?</p> <p>In addition, we would like to meet with Chief and Council in Black Lake on April 9 or 10. Is that possible?</p> <p>Kind regards</p> <p>Denise Lockett, for Canarc Resources</p>

March 22, 2019	13::29	Hamlet of Arviat SAO	<p>Email from, to DL re: HI Denise</p> <p>Sorry for my late response but between year-end preparations and the new FY 2019-20 budget I have been very busy. I see the Hall booking has already been completed so you are good to go on that end. I spoke with the Mayor and we would be available for a meeting on April 8th at 10 am here in the Hamlet building. Please let me know if this works for your schedule.</p> <p>If your company is moving ahead with exploration this summer I would extend to you the services of our employment officer and EDO in securing a reliable workforce for you within the community. Local employment is always a major focus area for the Mayor and Council.</p> <p>Have a good one</p> <p>Steve England SAO Hamlet of Arviat</p>

March 22, 2019	11:49	Hamlet of Arviat. Lisa, Finance Officer	<p>Phone call to, from DL re: booking community hall, follow up email to Lisa re: Hello Lisa:</p> <p>It was nice talking with you this morning. The receptionist booked the community hall for me for the evening of April 8 for a community meeting. Canarc Resources is proposing to conduct some mineral exploration and would like input from the community. We would need the community hall from 6-10 p.m., set up theatre style (one table at the front for the projector, and chairs set up. I will also need two other tables – one with a map on it, and another with door prizes. Likely we will need two other tables set up against the wall with refreshments on it). We will also need the PA system so that Bobby Suluk our translator to use.</p> <p>Can you let me know who I could contact for refreshments: coffee/juice, cookies for about 40 people?</p> <p>Thanks again and I look forward to hearing from you.</p> <p>Denise A Lockett, for Canarc Resources</p>

March 22, 2019		Tina Giroux, Athabasca Denesuline	Email to, from DL re: Hello Tina:

			<p>It was great to hear from you – its been a long time. I am working with a company called Canarc Resource Corp. which is proposing to do some early stage mineral exploration on the property that they have mineral claims on in Nunavut. They are proposing to work out of Arctic Haven's Wilderness Lodge at Ennadai Lake.</p> <p>I have attached a summary and a map. We would like to know the possibility of having a meeting on April 9 or 10, and are also trying to arrange for a meeting with the Chief and Council in Lac Brochet. Any help you can provide to me would be greatly appreciate.</p> <p>Thanks for everything and I hope to see you soon.</p> <p>Warm regards,</p> <p>Denise Lockett, for Canarc Resource Corp.</p>

March 22, 2019	15:12	Tina Giroux, Athabasca Denesuline	<p>Email to, from DL re: Tina:</p> <p>I don't know how things are done these days and need your advice. I have pulled together a draft meeting plan for my client and am suggesting:</p> <p>Arviat – April 23 Lac Brochet – do people hold meetings in Winnipeg? If so, the meeting could take place the afternoon of April 24 Athabasca Denesuline – in the past we have met in Saskatoon, if that's the case in this instance, the meeting could take place on April 26.</p> <p>Does this make sense?</p> <p>Denise</p>
March 22, 2019	16:26	Tina Giroux, Athabasca Denesuline	<p>Email from, to DL re: I'll speak to the chiefs and see what they think. April 24 is during Easter week so band offices will be closed. They may require you to speak to the communities directly or if there is an opportunity to present at a meeting in Saskatoon or Prince Albert I'll find out.</p> <p>Tina</p>
March 25, 2019	15:15	Tina Giroux, Athabasca Denesuline	<p>Email to, from DL re: Thanks Tina:</p> <p>Any word as I have to start either cancelling plans or changing this week. I don't mean to pressure you, there are s lot of moving pieces.</p> <p>Regards</p> <p>Denise</p>

March 26, 2019	16:00	Tina Giroux, Athabasca Denesuline	Email from, to DL re: Hi, apologies for the delay in responding. It's quite a busy time of year around here. The chiefs will be in Prince Albert on Thursday, I will brief them and see when they are available to meet with you. Do you have a deadline for these meetings?
March 26, 2019	15:03	Tina Giroux, Athabasca Denesuline	Email to, from DL re: Thanks Tina: it would be great to hear on Friday as I may have to make some scheduling changes. Warm regards, Denise
March 26, 2019	15:23	Wayne Wysocki, Manitoba Denesuline	Email to, from DL re: Hello Wayne: Do you know what the possibility of having s meeting in Winnipeg (or thereabouts) around April 9 would be? I am trying to finalize some arrangements. Kind regards Denise
March 26, 2019	16:26	Tina Giroux, Athabasca Denesuline	Email from, to DL re: If the chiefs are available on the 26 th as you suggested, will you be providing the travel and venue costs associated with meeting?
March 26, 2019	16:36	Wayne Wysocki, Manitoba Denesuline	Email from, to DL re: Hi Denise, We are in Saskatoon for meetings from April 8-11 and could set aside some time after 3:00 p.m. on the 9th to meet with you in Saskatoon. Let me know if that works for you.

			Regards, Wayne
March 26, 2019	15:33	Tina Giroux, Athabasca Denesuline	Email to, from DL: re: I would need a budget to be approved by my client. Denise
March 26, 2019	14:37	Tina Giroux, Athabasca Denesuline	Email from, to DL re: Ok, because that makes a difference on availability. If you wait for an opportunity for when the Chiefs are already down for a meeting with us, it might not be right away (probably into May). However, you can always ask them to come down for your specific meeting, in which you would incur the full costs. Although, they may not agree that speaking to them replaces going to the communities. That's what I'll ask them on Thursday. I'll prepare a budget if that's what they decide. Sorry, it usually isn't so complicated, just end of fiscal is so busy. Tina
March 26, 2019	14:36	Wayne Wysocki, Manitoba Denesuline	Email to, from DL re: That would very likely work. Let's pencil in it. Denise

March 26, 2019	20:38	Tina Giroux, Athabasca Denesuline	Email from, to DL re: Hi Denise,

			<p>By way of this email, I'll introduce you to Freda Randhile, our office manager and coordinator extraordinaire! She will be working with the Chiefs to secure a date that works for everyone. She can also help you with logistics in Saskatoon, and will prepare a draft budget regarding costs of travel for the Chiefs.</p> <p>Freda, see thread below to get up to speed on the dates/times suggested by Canarc Resources.</p> <p>Hopefully we can meet soon! Tina</p>
March 29, 2019	13:15	Athabasca Denesuline	<p>Email from, to DL re: Hi Denise,</p> <p>I spoke briefly with the chiefs this morning, and they propose that they have a meeting on the afternoon of April 12, between 2-3pm in Prince Albert? Will this be okay.</p> <p>Also, if you're able to reimburse us, we can provide the travel for them to attend. An estimate for each chief to travel and attend this meeting would be between \$1800-\$2000.</p> <p>Hope this works for you.</p>
March 29, 2019	14:30	Athabasca Denesuline	<p>Email to, from DL re: Hello and thanks for getting back to me. Unfortunately that isn't going to work. Can you let me know if there is a regular meeting that we can be out on the agenda?</p> <p>Can you tell me which chiefs would be at the meeting?</p> <p>Kind regards</p> <p>Denise</p>

March 29, 2019	09:48	Athabasca Denesuline	<p>Email from, to DL re: Hi Denise,</p> <p>There are three Athabasca Denesųliné Chiefs:</p> <p>Chief Coreen Sayazie, Black Lake Denesųliné First Nation Chief Bart Tsannie, Hatchet Lake Denesųliné First Nation Chief Louie Mercredi, Fond du Lac Denesųliné First Nation</p> <p>They would be traveling from their respective communities (two do not have road access and rely on flights/ice roads to come south) to Saskatoon or PA to attend your meeting. As you can imagine, it is costly. However, it is much less expensive than having to go to each of the community yourselves (approx.. \$20K cost to do a meeting in each community). The Chiefs have agreed to meet with you directly, even though it is not the norm, as Canarc Resources are making an effort to meet with them. This is refreshing, and we do appreciate it, and would like to make this work. Meeting in Prince Albert is possible, but would not reduce the cost significantly.</p> <p>If Wayne is still going to be in Saskatoon with his delegation on April 10th, I suggest we all meet on the 11th, and do a joint meeting to make it easier for you. Although, last I heard from Wayne, they were most likely not going to be in Saskatoon anymore.</p> <p>If you still would like to work on April 11 date, Freda can confirm with the chiefs.</p>
March 29, 2019	09:56	Athabasca Denesuline	<p>Email to, from DL re: We could drive to Prince Albert if that would help. How many chiefs would be at the meeting?</p> <p>Denise</p>

March 29, 2019	08:50	Athabasca Denesuline	Email from, to DL re: As Freda identified in her email yesterday, she estimates a cost of \$1800-\$2000 per chief to travel to a meeting in Saskatoon.
March 29, 2019	08:58	Athabasca Denesuline	Email to, from DL re: Hello Freda, Tina and Ron: We will be in Saskatoon now April 10 (and could be for the 11 th) for meetings. Could this opportunity work or should we plan for sometime in May? Regards Denise
March 29, 2019	10:02	Athabasca Denesuline	Email from, to DL re: Hi Denise, Freda will ask the chiefs today if this would work. Can I ask if the meeting you have on April 10 th is with the GKD members (Manitoba)? We did look at doing the meeting jointly with them, but I don't think that meeting is happening anymore. If not, disregard. You would be ok with providing travel for the Chiefs on April 11? Tina

April 8, 2019	16:00	Arviat HTO	<p><u>Monday, April 8: Arviat</u> (approx. 405 km from project) 16:00 HTO</p> <p>In attendance:</p> <p>HTO Chair: Thomas</p> <p>Thomas called the meeting to order and began the meeting with a prayer from the elder. Denise introduced Garry and Duncan, and Duncan explained with maps, the proposed program. The translated plain language summary and maps were distributed to everyone in attendance. These were provided prior to the meeting in order to prepare.</p> <p>Garry explained that the project was on Crown Land and was at the very earliest stage of mineral exploration. No camp would be built, and instead operations would be based out of already existing tourism camps, likely at Ennadai Lake or Kasba Lake. He further explained that activities would likely start in the middle of July and end middle to late August. Nothing would be left on site.</p> <p>Duncan stated that the company would like to know from the HTO the importance of this property to you for hunting.</p> <p>Denise explained that the company would like to hire a local Wildlife Monitor recommended by the HTO to keep the employees and contractors safe, and also to be the “eyes and ears” of the community for the activities proposed by the company.</p> <p>Thomas U. asked that if the project becomes a mine, would local people still be able to hunt in the area.</p> <p>Garry commented that it was very early in the process, but that the company committed to consulting with the</p>

		<p>community including the HTO every step of the exploration process.</p> <p>Thomas also said that he was and is a hunter and if any mining was going to happen, that it was important to have local jobs. Many people unemployed In Arviat.</p> <p>Garry said yes, that the company would be taking baby steps and would work with the community and the HTO.</p> <p>Thomas A: how many jobs?</p> <p>Garry said that at this time, it was likely that there would only be one or two jobs, for an exploration program that may only be for three weeks. Would like to get a list of people who have taken the drillers helpers course and will make recommendations to the Drilling company to hire a local drillers helper.</p> <p>Donald: will you hire a wildlife/bear monitor? Would like to see that person work one week in and then another person take their place. Would help out a lot.</p> <p>Denise: yes we would like the HTO to recommend someone to hire as a wildlife monitor.</p> <p>Duncan: will push the Drilling contractor hard to hire a drillers helper from the community.</p> <p>Thomas: back then, this was the main migration route</p> <p>Garry: when do they migrate?</p> <p>Thomas: now they are migrating to Arviat and head North.</p> <p>Garry: so we shouldn't see any in July and August</p> <p>Elder: not lots at that time. There could be a bull around.</p>
--	--	---

			<p>Garry: we don't want to be there during the migration is going on.</p> <p>Elder: caribou aware of blasting</p> <p>Garry: there will be no blasting.</p> <p>Elder: I used to camp along the Maguse River. No impact on wildlife from a company exploring there. If there is a mine, it is a bigger issue.</p> <p>Garry: we will talk with the Hamlet to get the names for wildlife monitors and for drillers helpers. Would like to find gold.</p> <p>Denise: working on applications for licenses and permits and its important to hear peoples concerns ahead of time. Is it possible to get a letter of support from the HTO?</p> <p>Motion to support Canarc Resource Corp in the Hard Cash Project Moved by Thomas Seconded by Gordy Passed unanimously</p>
April 9, 2019	11:31	Joshua Curley, resident of Arviat	<p>Email from, to Garry Biles: Hi garry..good to meet you here in Arviat Nu...i been there. At Enadai few times by ski doo. On hunting trip .1980s to .2005..</p> <p>The caribou migration from oct to nov dec from arviat nu or Kivalliq region. And then they turn back and head to kivalliq region from March to may.. Think it would be safe..to go ahead what canarc resource corp plan to to as HTO in Arviat agreed too..people here are looking for future jobs..and it would cut suicide in future too.. Thanks for talking to people..i understand there were not too many people there at meeting ..i am sure they like whats going on..again thanks ..hope you do well this</p>

			summer..God bless...Joshua Curley
April 10, 2019	08:38	Joshua Curley	<p>Email to, from Garry Biles: Joshua</p> <p>Thank you for attending our meeting in Arviat and for sharing the information on the caribou migration timing for the Ennadai Lake area.</p> <p>It is exactly the type of information that we need so that we can plan our work for the periods when there are no caribou migrating through that area.</p> <p>Hopefully we can be successful which will bring more job opportunities to Arviat people in the future.</p> <p>Thank you for supporting our project.</p> <p>Regards</p> <p>Garry Biles President & COO Canarc Resource Corp</p>
April 29, 2019	17:00	<p>Winnipeg Keg: meeting of the Manitoba Densuline negotiating team: Ben Denechezhe – Chief Negotiator Northlands Denesuline First Nation Geoff Bussidor – Chief Negotiator Sayisi Dene First Nation Kelly Olson – Legal Counsel to Northlands Denesuline First Nation and Sayisi Dene First Nation Wayne Wysocki – Advisor to Northlands Denesuline First Nation and Sayisi Dene First Nation</p>	<p>Dinner meeting in Winnipeg with Garry Biles and Denise Lockett. Shared maps and plain language summary of proposed program. Wayne asked Garry to explain his company and their proposed activities to the Chief and negotiators. Ben Denechezhe pointed out that the companies mineral claims appear to be on lands withdrawn by the community and that they would eventually be the landlords for the project. Garry said that he got the map off of the Silver Range website and thought that CIRNAC was the landlord. The company has applied for a Land Use Permit with CIRNAC and a water use and waste disposal permit from the NWB. Garry and Denise pointed out that they had met with the Hamlet and HTO's in Arviat and had committed to hiring a wildlife monitor from there. Geoff suggested that if the project was operating 24 hrs a day, that perhaps another wildlife monitor be hired from their communities (Sayisi Dene). Denise said that at this early stage and with only a three week expected time for the project, the</p>

			<p>company was very reluctant to over commit and under delivery and did not want to disappoint stakeholders. Garry stated that the operation would be based out of the Ennadai Lake Lodge operated by Aziz. Denise and Garry further committed to continuing to engage the stakeholders to better develop a working relationship and keep everyone informed. Feedback from the Manitoba Dene was important, as was the Saskatchewan Denesuline and the people of Arviat. Wayne commented that land claim was expected to be ratified soon and would keep the company informed. The dinner meeting ended and everyone was thanked for taking time to come to meet.</p>
May 1, 2019	10:27	Manitoba Denesuline negotiating team:	<p>Email to, from GB re: Wayne</p> <p>Thanks for organizing everything and please pass along our thanks to Benji, Geoff and Kelly for meeting with Denise and myself to allow us to share information about Canarc's Hard Cash property located at Ennadai Lake and our 2019 exploration plans.</p> <p>The land ownership issues surrounding the area is very important for us to understand. It is also important for us to meet the people who live and have interest in the area and listen to any suggestions, issues or concerns they have for us working in that area.</p> <p>Although this initial exploration program is very small we hope to find sufficient gold to bring us back for more extensive programs in future years which would offer more job opportunities for jobs.</p> <p>Wish you the best of luck for a successful conclusion to your land claim negotiations.</p> <p>Regards Garry Biles</p>

As everyone knows, there are serious challenges with the Covid-19 health situation. As such, Nunavut has implemented essentially a travel ban to Nunavut for non-essential flights.</p> <p>At this time, Canarc is going through the process to obtain the necessary permits and licences to operate, should the Covid-19 pandemic be resolved in time to conduct exploration. A lot of “stars would have to be aligned” in that time, and we will keep you informed on the status of the project and opportunities for consultation.</p> <p>Please let me know if you have any questions or concerns.</p>
