**Re: Notice of Release of Screening Decision Report for the University of Ottawa's "Long term changes in bird populations near Cambridge Bay based on lake sediment records" Project Proposal, Kitikmeot Region**

Dear Lisa Pirie-Dominix and Mosha Cote:

Enclosed is the Nunavut Impact Review Board's (NIRB or Board) Screening Decision Report to the Honourable Minister Jonathan Wilkinson, Minister of Environment and Climate Change for the University of Ottawa's (U of O) "Long term changes in bird populations near Cambridge Bay based on lake sediment records" in the Kitikmeot Region, dated April 8, 2020.

The NIRB has assessed this project proposal for ecosystemic and socio-economic impacts taking into consideration the comments from relevant authorities and communities. Based on this assessment, the Board has indicated to the responsible Minister that **a review of the project is not required** in accordance with s. 92(1)(a) of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*). Accordingly, the NIRB awaits a response from the Minister.

In the absence of a response from the Minister, regulatory authorities should take note of s. 75(1)(e) of the *NuPPAA*, which provides: "A regulatory authority is not authorized to issue a licence, permit or other authorization in respect of a project if the responsible Minister has decided either that the project could be modified and an amended project submitted to the Commission or that it is not to

proceed.” Contravention of s. 75(1) of the *NuPPAA* will render a licence, permit or other authorization issued of no force or effect.

Please contact the undersigned at [info@nirb.ca](mailto:info@nirb.ca) if you have any questions or require additional clarification.

Sincerely,

Talia Maksagak  
Manager, Technical Administration  
Nunavut Impact Review Board
