**Re: Notice of Screening for Canarc Resource Corp.'s "Hard Cash" Project Proposal**

Dear Garry Biles:

On March 30, 2020 the Nunavut Impact Review Board (NIRB) received a referral to screen Canarc Resource Corp.'s (Canarc) "Hard Cash" project proposal from the Nunavut Planning Commission (Commission), with an accompanying positive conformity determination with the Keewatin Regional Land Use Plan.

The Commission previously reviewed works and activities associated with the current proposal, including a small exploration camp and issued a conformity determination on June 10, 2017, exempting the previous proposal from screening by the NIRB. The Commission has determined that the current proposal is a significant modification to the project because of significant new surface activities that will now require a Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) Class A land use permit.

Pursuant to Article 12, Sections 12.4.1 and 12.4.4 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada (Nunavut Agreement)* and s. 87 of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*), the NIRB has commenced screening this project proposal and has assigned it file number **20EN010** - please reference this file number in all future related correspondence.

## INFORMATION REQUEST

On March 30, 2020 the NIRB requested that the Proponent complete the online application form through the NIRB's public registry system and ensure, pursuant to s. 144(1) of the *NuPPAA*, that sufficient information is provided to determine the scope of the project activities being proposed and commence screening.

On April 8, 2020 the NIRB received the required information and commenced the screening pursuant to Part 3 of the *NuPPAA*.
