Subject: Twin pipes to Melvin Bay

To whom it may concern!!!

I am against the Twin pipes that AEM wants to put towards Melvin Bay!

1. It will put the caribou herd route blocked

2. Will damage our Nunavut land

Period! I vote NO as a Inuk who has live on my own land since I was born.

Who will clean up once the Mine shuts down?

I'm sure theres other option, like putting whatever is been deposed into containers and sending them down South where they can be properly stored.
