**Subject:** RE: NIRB 125087 / 17SN034: NIRB Correspondence Re Follow-Up to SEA Recommendations

Hi Heather,

We have received the NIRB's request for a follow up regarding the Strategic Environmental Assessment for Baffin Bay and Davis Strait final report and recommendations. As you know, our government values its involvement in this important file. Due to the COVID-19 pandemic, our team has experienced some delays, and for that reason, I would like to request an extension to your July 1<sup>st</sup> deadline. I anticipate our response to be ready on August 1<sup>st</sup> 2020.

Should you want to discuss this request, please do not hesitate to contact me directly.

Thank you,

Annie
