## 1 Project Location and Description

The Committee Bay Project (the “Project”) straddles the border between the Kivalliq and Kitikmeot Regions in eastern Nunavut. The Property is located within the 1:50,000 scale National Topographic System (“NTS”) map sheets 56J (Walker Lake) and 56K (Laughland Lake). The Project consists of three non-contiguous claim blocks (Block A, B and C) located on Crown Lands, approximately 300 km west of the community of Repulse Bay (Naujaat), 300 km northeast of the community of Baker Lake (Qamani'tuaq) and 400 km northwest of the community of Rankin Inlet (Kangiqliniq; Figure 1).

The mineral claims are all 100% owned by 5530 Nunavut Inc, a wholly owned subsidiary of Western Atlas Resources Inc.

## 2 Land and Water Use Authorizations

All land and water use authorizations are in the name of 5530 Nunavut Inc.

Table 2.1 details the land and water use authorizations associated with the Committee Bay Project.

Table 2.1 Committee Bay Project Land and Water Use Authorizations

<u>Organization</u>	<u>Authorization</u>	<u>Authorization Number</u>	<u>Expiration Date</u>
Nunavut Planning Commission (“NPC”)	Conformity Determination	148538	N/A
Nunavut Impact Review Board (NIRB”)	Screening Decision	17EN047	N/A
Indigenous and Northern Affairs Canada (“INAC”)	Land Use Permit	N2017C0013	May 25, 2022
Nunavut Water Board (“NWB”)	Water Licence	2BE-CBP1722	September 18, 2022

## 3 2018 Exploration Program

There was no exploration completed on the Committee Bay Project in 2018.

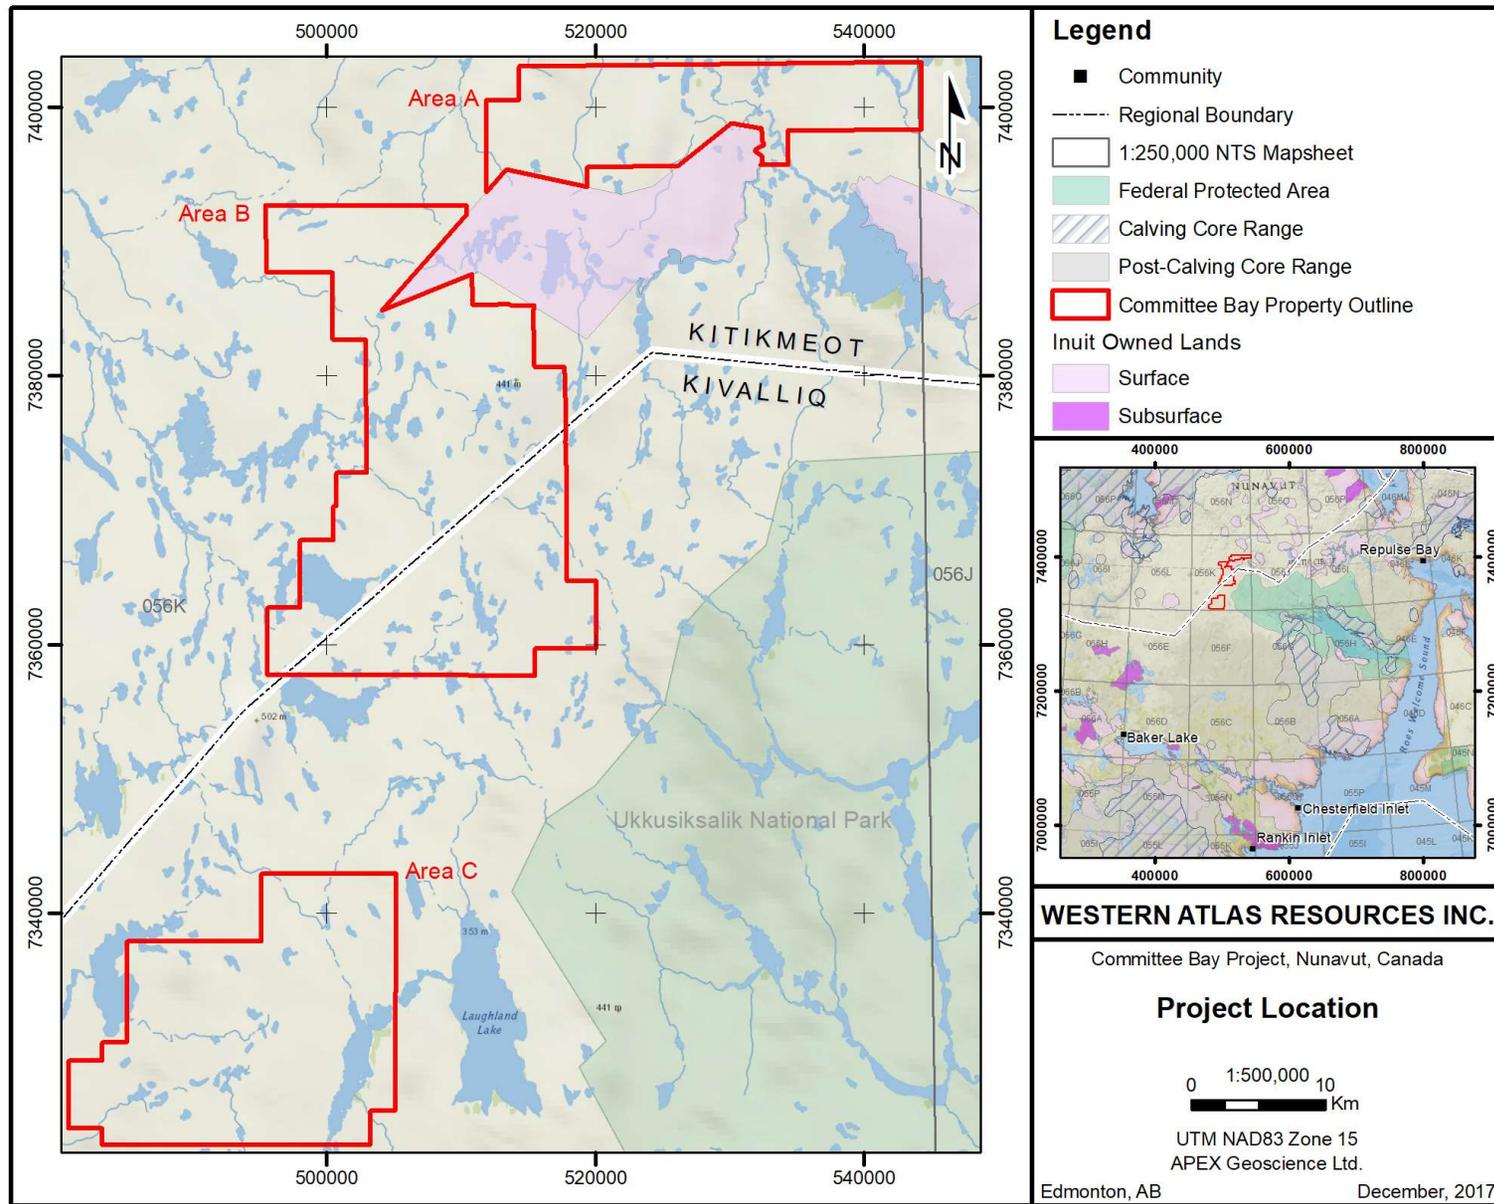

Figure 1. Committee Bay Project Location

### **3.1 Infrastructure**

No camp was constructed for 2018 as no work was conducted.

### **3.2 Fuel caches**

No fuel caches were required to be established as no work was performed during 2018.

### **3.3 Water Use**

As no camp was constructed nor any drilling completed during 2018, no water was used.

### **3.4 Aircraft Landing Sites**

No helicopter flying took place as no work was conducted during 2018.

### **3.5 Wildlife Sightings**

No wildlife sightings were recorded as no work was conducted during 2018.

### **3.6 Spills**

No hydrocarbon spills occurred as no work was conducted during 2018.

### **3.7 Archaeological and Palaeontological Resources**

No new or known archaeological sites were as no work was conducted during 2018.

### **3.8 Environmental Studies**

No environmental studies were conducted as no work was conducted during 2018.

### **3.9 Northern Hires/Contracts**

Western Atlas Resources Inc. aims to employ or contract Inuit and/or northern personnel or businesses whenever possible. No northern businesses were contracted as no work was conducted during 2018.

## **4 2019 Exploration Program**

No exploration is currently envisaged for 2019.
